

# **CHAIRMAN'S MESSAGE**

# CHAIRMAN'S MESSAGE

## DEAR SHAREHOLDERS.

#### FINANCIAL PERFORMANCE

I am pleased to report that the Group has had a very satisfactory set of results for the financial year ended 31 March 2018.

The full year results turned in operating profits of S\$102.4 million, a 54.4% improvement compared to the results a year ago. The Hotel Owning & Management Segment saw an improvement of 11.6% due to operating efficiencies. On the Property Investment Segment, we provided a S\$12.0 million impairment write-down in Dynons Plaza owing to a reduced tenure in the remaining lease. The bulk of the profits is attributed to the Property Development Segment which booked in a total of 361 units out of a total of 712 units in Macquarie Park Village ("MPV") in Sydney in this financial year. The remaining 177 units will be settled in the next financial years.

As reported in the last annual report, we have obtained development application approval under the Urban Activation Precinct for the construction of additional 60 units in the best tower in MPV, the Melbourne Tower. We are pleased to report that the construction of the Melbourne Tower was completed in April 2018 and we have launched the sales of these additional units.

#### **OUTLOOK**

With the completion and settlement of MPV, I am pleased that the Group's total borrowings, net of cash, will be without gearing. This is no mean feat given the "asset heavy" nature of our property business.

Despite this enviable position, I must caution that going forward, we will face challenges as property development projects take years to materialise and produce earnings. Our next development project is sometime away from obtaining a development application approval. In addition to the lumpy earnings from the Property Development Segment, we have to work hard to replace our single tenanted lease at Dynons Plaza when the lease expires in 2020.

In the light of the foregoing situation, the management has the daunting task to ensure that we find good investment opportunities to mitigate the lumpiness and inevitable decline of our earnings in the coming years. We have to find good investment projects to invest our cash hoard that can help the Group produce the same good consistent outcome that we have enjoyed thus far.

#### **DIVIDENDS**

Consistent with last year, I am pleased that our Board of Directors have recommended a dividend of one cent per ordinary share which equates to a yield of 2.1%.

#### **APPRECIATION**

I wish to thank all our customers, dedicated staff, stakeholders and our Board of Directors ("Board") for their collective support and contributions to the Group in the various segments of its business. Lastly, I would also like to thank Stanley Lai Tze Chang for his invaluable contributions to the Board and its committees.

# INTERVIEW WITH CHIEF EXECUTIVE OFFICER

 Can you tell us what significant developments have taken place since the last annual general meeting ("AGM")?

Since the last AGM, we have seen significant progress in our development project, Macquarie Park Village ("MPV"), with the successful completion of the construction of the last tower, Melbourne Tower, in April 2018. We have recently launched the sale of the additional 60 units under the Urban Activation Precinct in May 2018. As at 31 March 2018, we have settled 535 units out of the 712 units in MPV.

Previously, we had communicated that we had recruited key professionals/talent to join our hotel management team. Since then, we have seen improved efficiencies and productivity in key areas such as revenue management and group procurement.

We are also progressing the development application for our iconic site at Circular Quay, Sydney, and this will be another noteworthy project if successful. We are sometime away from obtaining the development application approval and we will keep our shareholders informed as we progress into the application.

 Have the tightening of borrowings in Australia and the capital controls in China resulted in an increase in defaults of Chinese purchasers for MPV?

We have seen minimal settlement default in the settlement of 535 units. While the Australia market has seen higher settlement default in recent times, we have been mitigating this risk through continuous update of the construction progress and informing purchasers to obtain their financing early. Also, the "Stamford" brand as a trusted and sought after developer of excellent quality housing at reasonable prices is evident from the successful sales and settlement of MPV.

# INTERVIEW WITH CHIEF EXECUTIVE OFFICER

3. What will be your focus on the core businesses in the next financial year?

We have commenced standardisation and centralisation of our services, offerings and processes for our Hotel Owning & Management Segment with the aim of further improving our financial performance and augmenting the foundation to support our future growth. Following the success achieved on several initiatives completed, our ongoing efforts will focus on talent development, marketing, reservations and engineering processes which are key processes in our core businesses. The standardisation and centralisation of such processes will maximise efficiencies and productivity and yield potential costs saving to the Group.

Another area of focus in the next financial year will be to replace the single tenanted lease at Dynons Plaza which will be expiring in 2020.

We will also be sourcing for new investment and development opportunities to further grow our businesses.

4. With the settlement of MPV, the Group has a strong cash balance. How will the Group be managing its free cash?

We are constantly evaluating investment opportunities. Should suitable opportunities present themselves, the Group with its readily available cash resources, will be in a good position to seize these opportunities.

Notwithstanding the above, we are also constantly evaluating the options in our cash management process with the objective of maximising returns to our shareholders.

Subsequent to our financial year end, we made an early full repayment of one bank loan and the partial repayment of another bank loan amounting to A\$60 million and A\$38 million respectively, to reduce our interest payments.

5. Shareholders have been asking for clarity in the Company's dividend policy. Can you explain what is the Company's plans in relation to the payment of dividends as dividend payment has been kept constant at 1 cent per ordinary share for the last 2 years despite the significant improvement in financial results?

Although we do not have a fixed dividend policy, we always aim to maintain a dividend payout that will be sustainable in the long term and at the same time allow us to take advantage of any business opportunities that may arise.

The improved financial results for this financial year was mainly attributed to the Property Development Segment and such improved results are not sustainable due to their one-off nature. While we are working to replace the single tenanted lease at Dynons Plaza, there is no certainty that this is achievable when it expires in 2020. In view of the above, we have decided to maintain the dividend payout at one cent per ordinary share for this financial year. Such payment is more than favourable compared to other listed companies in our industry.

# **OPERATIONS REVIEW**

#### **HOTEL OWNING & MANAGEMENT**

The Group's hotel owning and management segment continued to deliver stable results in the financial year ended 31 March 2018 ("FY2018"). The Group reported an increase in revenue from this segment of 2.7% from the previous financial year which was contributed mainly by an increase in revenue per available room ("RevPar") of 3.1%. The operating profit shown a growth of 11.6%, which was attributed to higher revenue and lower operating costs.

International visitor arrivals to Australia continued to increase and reached a record high at the end of March 2018 with a year-on-year growth of 7.6%. This upward trend is set to continue in the financial year ending 31 March 2019 ("FY2019"). Demand for hotel rooms in key cities, such as Sydney and Melbourne, is expected to remain strong and this will have a favourable impact of increasing room rates. However, secondary cities such as Brisbane will continue to experience pressure on RevPar as the supply of hotel rooms is expected to increase with new hotels entering into the market.

#### **SYDNEY**

## Stamford Plaza Sydney Airport ("SPSA")

SPSA reported another year of good results, with improvements in both room and food and beverage ("F&B") revenue.

SPSA was again awarded the Best Airport Hotel in Australia/Pacific Region at the SKYTRAX World Airport Awards in 2018. This is the fifth consecutive year that SPSA has won this award. As a choice hotel in the competitive Sydney airport precinct, SPSA achieved occupancy of above 90.0% and an improvement in RevPar of 9.8% in FY2018. Room revenue will continue to remain strong as domestic and international visitors continue to fly into Sydney. SPSA has built a strong base business over the years and is in a good position to capture this strong demand.

On the F&B business, our concept restaurant, La Boca Bar and Grill ("La Boca") delivered stable results as SPSA continued its marketing efforts to promote it as the choice restaurant for Argentinian cuisine in the vicinity.

SPSA has plans to refurbish its lobby and rooms in FY2019 to enhance overall guest experience and strengthen its position as the best airport hotel in Australia.

## **OPERATIONS REVIEW**

# Sir Stamford at Circular Quay ("SSCQ")

SSCQ delivered stable results in FY2018 with an increase in room revenue due to RevPar growth of 2.4%, offset by a decline in F&B revenue.

SSCQ completed the refurbishment of its reception lobby to create a more intimate and comfortable area for guests at check-in/check-out to enhance their overall experience. Also, SSCQ has converted a common area to a revenue generating conference area to cater to the growing demands for events/functions. SSCQ has further plans to refurbish its restaurant, the Dining Room, and to create an outdoor dining area to showcase the attractions of its iconic location.

## **MELBOURNE**

#### Stamford Plaza Melbourne ("SPM")

SPM reported respectable results with improvements in both rooms and F&B revenue in FY2018. The refurbishment which comprised of the construction of 26 additional rooms was completed in September 2016, and the business disruptions caused during the construction was not present in FY2018 which contributed to the increase in revenue. While there was an improvement in occupancy in FY2018, SPM faced challenge in moving room rates in the competitive Melbourne market.

SPM has plans to refurbish its rooms in FY2019 to enhance overall guest experience and to remain competitive in the Melbourne market. Also, SPM is working on the feasibility of converting its restaurant and bar to our concept restaurant, La Boca. If successful, this will be our third La Boca in Australia.

## **BRISBANE**

## Stamford Plaza Brisbane ("SPB")

SPB delivered stable results in FY2018 and maintained its position as the top hotel in Brisbane in the highly competitive Brisbane market despite a marginal decline in RevPar of 0.5%. SPB continued to focus on its F&B efforts to maintain its position as a choice venue for events/functions along the Brisbane River precinct. Room supply in Brisbane will continue to grow and with supply over and above demand, this will create pressure on occupancy levels and room rates in FY2019.

# **OPERATIONS REVIEW**

SPB has plans to embark on a refurbishment program on its rooms in FY2019 as it strives to maintain its leading position in the competitive Brisbane market.

#### **ADELAIDE**

## Stamford Plaza Adelaide ("SPA")

SPA delivered stable results in FY2018 with an increase in room revenue due to RevPar growth of 3.1%, offset by a decline in F&B revenue. Despite a marginal increase in revenue, SPA was able to achieve higher operating profit from its costs efficiency management and productivity improvement initiatives implemented to overcome the weak Adelaide market. On the F&B business, La Boca in SPA continued to perform well, with an increase in revenue of 7.2% in FY2018.

SPA completed the makeover of its porte-cochere to blend in with the refurbished lobby and create a welcoming entrance for guests. SPA has plans to refurbish its rooms in FY2019 to further enhance overall guest experience so as to strengthen SPA's position in the competitive Adelaide market.

## Stamford Grand Adelaide ("SGA")

Despite the weak Adelaide market, SGA reported respectable results with improvements in both rooms and F&B revenue in FY2018. SGA was able to achieve RevPar growth of 5.6% in FY2018 which was contributed by improvements in both occupancy and room rates.

SPA has plans to refurbish its rooms in FY2019 to reinforce its position as the only five star hotel in Glenelg.

#### **AUCKLAND**

## Stamford Plaza Auckland ("SPAK")

SPAK recorded another year of good results, with an increase in revenue of 4.2% in FY2018. With international visitor arrivals continuing to increase in Auckland, SPAK was well-positioned to maintain its position as a choice hotel in Auckland, thus recording a RevPar growth of 6.7%.

#### PROPERTY DEVELOPMENT

The Group's property development segment recorded stellar results for FY2018 where revenue increased by \$\$134.8 million to \$\$251.0 million, mainly attributed to the settlement of Macquarie Park Village ("MPV"). Despite the tightening of credit environment in Australia, the Group successfully settled 361 remaining units in FY2018, bringing the total number of units settled to 535 as at 31 March 2018. Construction of the last tower was completed in April 2018 and settlement of the remaining units will continue in FY2019 and beyond.

The Group sold two more units at The Stamford Residences (Auckland) and continues its marketing efforts on the sale of the remaining three units.

#### **PROPERTY INVESTMENT**

The Group recorded a significant impairment loss of S\$12.0 million on Dynons Plaza, owing to the depressed Perth market and the shorter lease term remaining. The Group is monitoring the lease expiry profile of Dynons Plaza and working to replace the single tenanted lease when it expires in 2020.

For the financial year ended 31 March 2018

Stamford Land Corporation Ltd (the "Company") and its subsidiaries (the "Group") are committed to maintaining a high standard of corporate governance in complying with the Code of Corporate Governance (the "Code") which forms part of the continuing obligations of the Singapore Exchange Securities Trading Limited ("SGX-ST")'s listing rules. The Group has complied with the principles and guidelines set out in the Code.

This report describes the Group's corporate governance practices that were in place throughout the financial year ended 31 March 2018 ("FY2018"). Where there are any deviations from the Code, appropriate explanations are also provided in this report.

## **BOARD MATTERS**

## **Principle 1: The Board's Conduct of Affairs**

The primary function of the Board of Directors (the "Board") is to provide effective leadership and direction to enhance the long-term value of the Group to its shareholders and other stakeholders. The Board oversees the business affairs of the Group. Besides carrying out its statutory duties and responsibilities, the Board has the overall responsibility for reviewing the strategic plans and performance objectives, financial plans, key operating initiatives, major funding and investment proposals, financial performance reviews and corporate governance practices.

In addition, the principal duties of the Board include:

- Setting the Group's strategic objectives and ensuring that the necessary financial and human resources are in place for the Group to meet its objectives.
- Overseeing the process for evaluating the adequacy of internal control, risk management, financial reporting and compliance.
- Reviewing the performance of management and overseeing succession planning for management.
- Setting the Group's values and standards (including ethical standards) and ensuring the obligations
  to shareholders and other stakeholders are understood and met.
- Considering sustainability issues as part of the strategic formulation.

For the financial year ended 31 March 2018

## Independent judgement

All the Directors exercise due diligence and independent judgement and make decisions objectively in the best interests of the Group.

The current members of the Board and their membership on the board committees of the Company are as follows:

Name of Director	Board Appointments	Audit and Risk Management Committee	Nominating Committee	Remuneration Committee
Ow Chio Kiat	Executive Chairman and Executive Director	-	Member	-
Ow Cheo Guan	Deputy Executive Chairman and Executive Director	-	-	-
Ow Yew Heng	Chief Executive Officer and Executive Director	-	-	-
Mark Anthony James Vaile	Lead Independent and Non-Executive Director	Chairman	Member	Member
Stanley Lai Tze Chang	Independent and Non-Executive Director	Member	-	Chairman
Lim Teck Chai, Danny	Independent and Non-Executive Director	Member	Chairman	Member

## Delegation by the Board

The Board has delegated certain functions to various board committees, namely the Audit and Risk Management Committee ("ARMC"), Nominating Committee ("NC") and Remuneration Committee ("RC"). Each of the various board committees has its own written terms of reference and whose actions are reported to and monitored by the Board. The Board accepts that while these various board committees have the authority to examine particular issues and will report back to the Board with their decisions and/ or recommendations, the ultimate responsibility on all matters lies with the Board.

## Key features of board processes

The dates of Board and board committee meetings as well as annual general meeting ("AGM") are scheduled one year in advance. To assist the Directors in planning their attendance, the Company Secretary consults every Director before fixing the dates of these meetings. The Board meets at least four times a year and as warranted by particular circumstances. Ad hoc meetings are also convened to deliberate on urgent substantive matters. Telephonic attendance and conference via audio-visual communication at Board and board committee meetings are allowed under the Company's Constitution. The details of the number of Board and board committee meetings held in the financial year as well as the attendance of each board member at those meetings are disclosed below.

For the financial year ended 31 March 2018

## Directors' attendance at Board and board committee meetings in FY2018

Board		Audit and Risk Management Committee		Nominating Committee		Remuneration Committee		
Name of Director	No. of Meetings Held (1)	No. of Meetings Attended		No. of Meetings Attended		No. of Meetings Attended		No. of Meetings Attended
Ow Chio Kiat	4	4	-	4(2)	1	1	-	2 (2)
Ow Cheo Guan	4	4	-	4 (2)	-	1 (2)	-	2 (2)
Ow Yew Heng	4	4	-	4 (2)	-	1 (2)	-	2 (2)
Mark Anthony James Vaile	4	4	4	4	1	1	2	2
Stanley Lai Tze Chang	4	3	4	3	1	-	2	1
Lim Teck Chai, Danny (3)	3	3	3	3	-	-	1	1

<sup>(1)</sup> Represents the number of meetings held as applicable to each individual Director.

## Board's approval

Matters specifically reserved for the Board's approval are listed below:

- Policies, strategies and objectives of the Group;
- Announcement of guarterly and full year financial results and release of annual reports;
- Issuance of shares:
- Declaration of interim dividends and proposal of final dividends;
- Convening of shareholders' meetings;
- Material investments, divestments or capital expenditure;
- Commitments to term loans and lines of credits from banks and financial institutions; and
- Interested person transactions.

Clear directions have been imposed on management that the above matters must be approved by the Board.

The Company has established policy on conflicts of interest to guide Directors in their dealings with any conflict of interest and fulfilling their disclosure obligations. A conflicted Director is required to recuse himself and will not participate in the discussion and decision on any conflict related matter.

<sup>(2)</sup> Attendance at meetings on a "By Invitation" basis.

<sup>(3)</sup> Lim Teck Chai, Danny was appointed as a Director of the Company on 31 May 2017.

For the financial year ended 31 March 2018

## Induction and training of Directors

The Board ensures that incoming new Directors are given guidance and orientation (including onsite visits, if necessary) to familiarise the new Directors with the Group's business and corporate governance practices upon their appointment and to facilitate the effective discharge of their duties. Newly appointed Directors will be provided a formal letter setting out their duties and obligations. Directors are encouraged to constantly keep abreast of developments in regulatory, legal and accounting frameworks that are of relevance to the Group through the extension of opportunities for participation in training courses, seminars and workshops as relevant.

## Briefings, updates and trainings provided for Directors in FY2018

The NC reviews and makes recommendations on the training and professional development programs to the Board.

On a quarterly basis, the Board is briefed on recent changes to the accounting standards and regulatory updates. The Chief Executive Officer (the "CEO") updates the Board at each meeting on the business and strategic developments of the Group.

As part of the Company's continuing education for Directors, the Company Secretary circulates to the Board articles, reports and press releases relevant to the Group's business to keep Directors updated on current industry trends and issues. News releases issued by the SGX-ST and the Accounting and Corporate Regulatory Authority which are relevant to the Directors are also circulated to the Board.

Directors may also attend relevant courses, conferences, seminars, workshops or training programs at the Company's expenses to enable them to effectively discharge their duties as a Director, if required, from time to time.

## **Principle 2: Board Composition and Guidance**

## Board size and composition

The Board comprises six Directors, three Independent Non-Executive Directors (the "Independent Non-Executive Directors" or the "Independent Directors" or each the "Independent Non-Executive Director" or the "Independent Director"), and three Executive Directors.

Each year, the NC reviews the size and composition of the Board and board committees and the skills and core competencies of its members to ensure an appropriate balance of skills and experience. These competencies include accounting and finance, business acumen, management experience, industry knowledge, strategic planning experience, customer-based knowledge, familiarity with regulatory requirements and knowledge of risk management. The Board considers that its Directors possess the necessary competencies and knowledge to lead and govern the Group effectively.

Taking into account the nature and scope of the Group's business and the number of board committees, the Board believes that the current size and composition provide sufficient diversity and is not so large as to be unwieldy or would interfere with efficient decision making. No individual or group dominates the Board's decision making process. The Directors' academic and professional qualifications are presented in pages 4 to 6 of the annual report.

For the financial year ended 31 March 2018

## Directors' independence review

Director who has no relationship with the Company, its related corporations, its officers or its 10% shareholders that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgement in the best interests of the Group, is considered to be independent. "10% shareholder" refers to a person who has an interest or interests in one or more voting shares in the Company and the total votes attached to that share, or those shares, is not less than 10% of the total votes attached to all the voting shares in the Company. "Voting shares" exclude treasury shares.

The NC is tasked to determine on an annual basis and as and when the circumstances require whether or not a Director is independent, bearing in mind the guidelines set forth in the Code and any other salient factor which would render a Director to be deemed not independent. Each of the Independent Directors has provided a declaration of his independence to the NC. The NC has reviewed, determined and confirmed the independence of the Independent Directors.

None of the Independent Directors has served on the Board for a period exceeding nine years from the date of their first appointments.

The Independent Directors make up half of the Board, which meets the requirements set out in the Code. This provides a strong and independent element on the Board. This is fundamental to good corporate governance as it facilitates the exercise of independent and objective judgement on corporate affairs. It also ensures that key issues and strategies are critically reviewed, constructively challenged, fully discussed and thoroughly examined.

### Role of the Non-Executive Directors

The Board and management fully appreciate that an effective and robust Board whose members engage in open and constructive debate and challenge management on its assumptions and proposals, is fundamental to good corporate governance. A Board should also aid in the development of strategic proposals and oversee effective implementation by management to achieve set objectives. For this to happen, the Board and Non-Executive Directors, in particular, must be kept well informed of the Group's business and be knowledgeable about the industry the Group operates in.

To ensure that the Non-Executive Directors are well supported by accurate, complete and timely information, they have unrestricted access to management.

The Group has adopted initiatives to put in place processes to ensure that the Non-Executive Directors have sufficient time and resources to discharge their oversight function effectively. These initiatives include:

- Regular informal meetings are held by management to brief the Non-Executive Directors on prospective deals and potential developments at an early stage before formal Board's approval is sought, when needed.
- The Company has also made available on the Company's premises an office for use by the Non-Executive Directors at any time for them to meet regularly without the presence of management.

For the financial year ended 31 March 2018

## **Principle 3: Chairman and CEO**

The Code advocates that there should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the Group's business and no individual should represent a considerable concentration of power.

Ow Chio Kiat is the Executive Chairman ("Chairman") of the Board and is assisted by Ow Cheo Guan who is the Deputy Executive Chairman ("Deputy Chairman") of the Company. Ow Yew Heng is the CEO of the Company.

#### The Chairman:

- Is responsible for leadership of the Board and is pivotal in creating the conditions for overall effectiveness of the Board, board committees and individual Director.
- Takes a leading role in the Company's drive to achieve and maintain a high standard of corporate governance with the full support of the Directors, Company Secretary and management.
- Approves the agendas for Board meetings and ensures sufficient allocation of time for thorough discussions of agenda items.
- Promotes an open environment for debates and ensures the Non-Executive Directors are able to speak freely and contribute effectively.
- Exercises control over the quality, quantity and timeliness of information flow between the Board and management.
- Provides close oversight, guidance, advice and leadership to the CEO and management.
- Plays a pivotal role in fostering constructive dialogue between shareholders, the Board and management at AGMs and other shareholder meetings.

## The CEO is responsible for:

- Running the day-to-day business of the Group within the authorities delegated to him by the Board.
- Ensuring implementation of policies and strategy across the Group as set by the Board.
- Day-to-day management of the management team.
- Leading the development of management within the Group with the aim of assisting the training and development of suitable individuals for future roles.
- Ensuring that the Chairman is kept appraised in a timely manner of issues faced by the Group and of any important events and developments.
- Leading the development of the Group's future strategy including identifying and assessing risks and opportunities for the growth of its business and reviewing the performance of its existing business.

For the financial year ended 31 March 2018

The Chairman and the Deputy Chairman are brothers and the CEO is the son of the Chairman and the nephew of the Deputy Chairman. The Board is of the view that there is a sufficiently strong independent element on the Board to enable independent exercise of objective judgement on affairs and operations of the Group by members of the Board, taking into account factors such as the number of Independent Directors on the Board as well as the contributions made by each member at meetings which relate to the affairs and operations of the Group.

The Board has also appointed Mark Anthony James Vaile as the Lead Independent Director to co-ordinate and lead the Independent Directors to provide a non-executive perspective and contribute to a balance of viewpoints on the Board. He is the principal liaison on board issues between the Independent Directors and the Chairman. He is available to shareholders with concerns, when contact through the normal channels via the Chairman and CEO, and/or Chief Financial Officer (the "CFO") has failed to provide satisfactory resolution, or when such contact is inappropriate.

All the board committees are chaired by Independent Directors and half of the Board consists of Independent Directors.

## **Principle 4: Board Membership**

#### NC composition

The NC consists of two Independent Non-Executive Directors and one Executive Director, the majority of whom, including the NC Chairman, are independent:

Lim Teck Chai, Danny Chairman
Ow Chio Kiat Member
Mark Anthony James Vaile Member

The NC, guided by written terms of reference, is responsible for making recommendations to the Board on all board appointments and re-appointments. The key terms of reference of the NC include the following:

- Review and recommend to the Board on the appointment of Directors (including alternate Directors, if applicable) and board committee members.
- Review regularly the Board structure, size and composition of the Board in compliance with the
  principles and guidelines set out in the Code and to make recommendation to the Board with
  regard to any adjustments that are deemed necessary.
- Determine the process for the search, selection, appointment and re-appointment of the Directors.
- Review the Board's succession plans for Directors.
- Develop a process for evaluating the performance of the Board, its board committees and Directors
  and implementing such process for assessing the effectiveness of the Board as a whole and the
  contribution of the Chairman and each individual Director.
- Evaluate whether or not a Director is able to and has been adequately carrying out his duties and responsibilities as a Director of the Company when he has multiple board representations.
- Review the training and professional development programs for the Board.

For the financial year ended 31 March 2018

• Determine and make recommendation to the Board, on an annual basis, as to whether a Director is considered independent.

## Directors' independence review

The task of assessing the independence of the Directors is delegated to the NC. The NC reviews the independence of each Independent Director annually, and as and when circumstances require based on the definitions and guidelines on independence set out in the Code.

Annually, each Independent Director is required to complete a Director's Independence Confirmation (the "Confirmation") to confirm his independence. The Confirmation is drawn up based on the guidelines provided in the Code. Thereafter, the NC reviews the Confirmation completed by each Independent Director, assess the independence of the Independent Directors and recommends its assessment to the Board. There are no Directors who are deemed independent by the Board, notwithstanding the existence of a relationship as stated in the Code that would otherwise deem him not to be independent.

The Board, after taking into account the views of the NC, determined that Mark Anthony James Vaile, Stanley Lai Tze Chang and Lim Teck Chai, Danny are independent.

## Appointment of Alternate Director

The Company does not have any Alternate Directors currently. If an Alternate Director is appointed, such Alternate Director should be familiar with the Group's affairs, and be appropriately qualified. For appointment of Alternate Director to an Independent Director, the NC and Directors will review and confirm the independence of that person before approving his appointment as an Alternate Director.

#### Directors' time commitments and multiple directorships

The NC determines annually whether a Director with multiple board representations and/or other principal commitments is able to and has been adequately carrying out his duties as a Director of the Company. The NC takes into account, amongst others (i) the contributions by the Directors during meetings of the Board and board committees; (ii) the results of the Board evaluation of its performance; and (iii) the directorships and/or principal commitments of the individual Directors.

The NC has reviewed and is of the view that a cap on the number of listed company board representation on each of the Director is not required as despite the current directorships and principal commitments of the individual Directors, their time commitment, deliberations and decisions are not hindered by such directorships and commitments. In addition, the NC has also reviewed and is satisfied that notwithstanding their multiple listed company board representations, such Directors have been able to devote sufficient time and attention to the affairs of the Group to adequately discharge their duties as Directors of the Company.

## Succession planning for the Board and management

Succession planning is an important part of the corporate governance process. The NC seeks to refresh the Board membership progressively and in an orderly manner, to avoid losing institutional memory.

Currently, there is an informal succession plan for management put in place by the Chairman. Going forward and at the relevant time, the NC will look into such plan in close consultation with the Chairman.

For the financial year ended 31 March 2018

## Process for selection and appointment of new Directors

The NC has put in place formal and written procedures for making recommendations to the Board on the selection and appointment of Directors. Such procedures would be activated when a vacancy on the Board arises or when the Board is considering making a new Board appointment either to enhance the core competency of the Board or for purpose of progressive renewal of the Board. Notwithstanding that the Chairman of the Board is an Executive Director, the Company maintains a very strong and independent element on the Board with Independent Directors making up half of the Board.

In identifying suitable candidates, the NC may:

- 1. Advertise or use services of external advisers to facilitate a search.
- 2. Approach alternative sources such as the Singapore Institute of Directors.
- 3. Consider candidates from a wide range of backgrounds from internal or external sources.
- 4. After short listing the candidates, the NC shall:
  - (a) consider and interview the candidates to assess their suitability taking into consideration the existing composition of the Board and strives to ensure that the Board has an appropriate balance of Independent Directors as well as qualification and experience of each candidate, his/her ability to increase the effectiveness of the Board and to add value to the Group's business in line with its strategic objectives and to ensure that the candidates are aware of the expectations and level of commitment required of them; and
  - (b) evaluate and agree to a preferred candidate for recommendation to and appointment by the Board.

## Process for re-appointment of Directors

The NC is responsible for re-appointment of Directors. In its deliberations on the re-appointment of existing Directors, the NC takes into consideration the Director's contribution and performance such as his attendance, preparedness, participation and candour.

Regulation 89(A) of the Company's Constitution provides that at least one-third of the Directors (or, if their number is not a multiple of three, the number nearest to but not lesser than one-third) with a minimum of one, shall retire from office by rotation. All Directors are required to retire from office at least once every three years. Regulation 89(B) of the Company's Constitution further provides that to the extent that any of the Directors not due for retirement at an AGM pursuant to Regulation 89(A) is an Independent Director, such Independent Director shall nonetheless retire at that AGM. A retiring Director shall be eligible for re-election. In addition, any newly appointed Director by the Board during the year (whether as an additional Director or to fill a casual vacancy) shall hold office only until the next AGM and shall then be eligible for re-election, but shall not be taken into account in determining the number of Directors who are to retire by rotation at the AGM.

For the financial year ended 31 March 2018

Pursuant to Regulations 89(A) and 89(B), Mark Anthony James Vaile, Stanley Lai Tze Chang and Lim Teck Chai, Danny are retiring at the forthcoming AGM.

Stanley Lai Tze Chang upon his retirement will not be standing for re-election at the forthcoming AGM. Mark Anthony James Vaile and Lim Teck Chai, Danny have consented to seek for re-election as Directors. The NC is satisfied that Mark Anthony James Vaile and Lim Teck Chai, Danny, being eligible, are properly qualified for re-election by virtue of their skills, experience and contribution of guidance and time to the Board's deliberations. The Board recommends to the shareholders to approve the re-election of Mark Anthony James Vaile and Lim Teck Chai, Danny. The details of the proposed resolution are stipulated in the Notice of AGM set out in this annual report.

The NC members are abstained from voting on any resolutions and making any recommendation and/or participating in any deliberations in respect of matters in which he has an interest in.

## **Principle 5: Board Performance**

The Board has implemented a process carried out by the NC for assessing the effectiveness of the Board as a whole and the contribution by each individual Director to the effectiveness of the Board on an annual basis.

## **Evaluation process**

The Company Secretary sends out the Board Performance Evaluation Questionnaire (the "Questionnaire") and the Individual Director Assessment Checklist (the "Checklist") to each Director for completion. The Questionnaire is customised to seek the views of the Directors on the various aspects of the Board performance so as to assess the overall effectiveness of the Board. The Board performance criteria includes board size and composition, board information, board process, board risk management and internal controls, board accountability, standards of conduct and board committees' performance in relation to discharging their responsibilities set out in their respective terms of reference. The Checklist is a self-assessment evaluation to assess the contribution by each individual Director to the effectiveness of the Board. The individual Director's performance criteria include independence and integrity, preparedness, participation and commitment, and responsibility and accountability.

The completed Questionnaires and Checklists are submitted to the Company Secretary for collation and the consolidated responses are presented to the NC for review before submitting to the Board for discussion and determining areas for improving and enhancing the effectiveness of the Board. For the financial year under review, the Board has performed the evaluation and is of the view that the Board as a whole operates effectively and the contribution by each individual Director is satisfactory.

The Board has not engaged any external consultant to conduct an assessment of the effectiveness of the Board and the contribution by each individual Director to the effectiveness of the Board. Where relevant, the NC will consider such an engagement.

For the financial year ended 31 March 2018

#### **Principle 6: Access to Information**

#### Complete, adequate and timely information

Management recognises the importance of ensuring the flow of complete, adequate and timely information to the Directors on an ongoing basis to enable them to make informed decisions to discharge their duties and responsibilities. To allow the Directors sufficient time to prepare for the meetings, all Board and board committee papers are distributed to the Directors a week in advance of the meetings. Any additional material or information requested by the Directors is promptly furnished.

Management's proposals to the Board for approval provide background and explanatory information such as facts, resources needed, risk analysis and mitigation strategies, financial impact, regulatory implications, expected outcomes, conclusions and recommendations. Employees who can provide additional insight into matters to be discussed will be present at the relevant time during the Board and board committee meetings. In order to keep the Directors abreast of the Group's operations, the Directors are also updated on initiatives and developments on the Group's business as soon as practicable and/or possible and on an on-going basis.

To facilitate direct access to management, the Directors are also provided with the names and contact details of the management team.

#### Company Secretary

The Directors have separate and independent access to the Company Secretary. The Company Secretary is responsible for, among other things, ensuring that the Board's procedures are observed and the Company's Constitution, relevant rules and regulations, including requirements of the Securities and Futures Act, Companies Act (Chapter 50) and SGX-ST Listing Manual (the "Listing Manual"), are complied with. She also assists the Chairman and the Board in implementing and strengthening corporate governance practices and processes, with a view to enhancing long-term shareholder value.

The Company Secretary assists the Chairman in ensuring good information flows within the Board and its board committees and between management and the Non-Executive Directors.

As primary compliance officer for the Group's compliance with the listing rules, the Company Secretary is responsible for designing and implementing a framework for management's compliance with the listing rules, including advising management to ensure that material information is disclosed promptly.

The Company Secretary attends and prepares minutes for all Board meetings. As secretary for all board committees, the Company Secretary assists in ensuring coordination and liaison between the Board, board committees and management. The Company Secretary assists the Chairman of the Board, the Chairman of board committees and management in the development of the agendas for the various Board and board committee meetings.

The appointment and the removal of the Company Secretary are subject to the Board's approval.

#### Independent professional advice

The Board has a process for Directors, either individually or as a group, in the furtherance of their duties, to take independent professional advice, if necessary, at the Group's expense.

For the financial year ended 31 March 2018

#### REMUNERATION MATTERS

#### Principle 7: Procedures for Developing Remuneration Policies

#### RC composition

The RC consists of three members, all of whom are Independent Non-Executive Directors:

Stanley Lai Tze Chang Chairman Mark Anthony James Vaile Member Lim Teck Chai, Danny Member

The RC is responsible for ensuring a formal and transparent procedure for developing policies on executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel.

The members of the RC carried out their duties in accordance with the terms of reference approved by the RC and the Board. The principal functions of the RC include:

- Review and recommend to the Board for endorsement, a framework of remuneration for the Board and key management personnel. The framework covers all aspect of remuneration, including but not limited to Director's fees, salaries, allowances, bonuses, options, share-based incentives and awards and benefits in kind.
- Review and recommend to the Board the specific remuneration packages and terms of employment for each Director, key management personnel and employees related to Directors, CEO or substantial shareholders of the Company.
- Review the level and structure of remuneration to align with the long-term interest of the Company in order to attract, retain and motivate the Directors and key management personnel.
- Review the Group's obligations arising in the event of termination of the Executive Director's and key management personnel's contracts of service to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.
- Administer the Stamford Land Corporation Ltd Share Option Plan 2015 ("SLC SOP") and Stamford Land Corporation Ltd Performance Share Plan 2015 ("SLC PSP") and any other option scheme or share plan established from time to time by the Company.

The RC from time to time and where necessary seeks advice from external remuneration consultant in framing the remuneration policy and determining the level and mix of remuneration for Directors and key management personnel. The RC has not engaged any external remuneration consultant in FY2018.

None of the members of the RC or any Director is involved in deliberations in respect of any remuneration, compensation or any form of benefits to be granted to him or someone related to him.

For the financial year ended 31 March 2018

# Principle 8: Level and Mix of Remuneration Principle 9: Disclosure on Remuneration

In reviewing the level and mix of remuneration, the RC seeks to establish a framework for attracting, retaining and motivating employees. The Group subscribes to linking executive remuneration to corporate and individual performance, based on an annual appraisal of employees. The level and structure of remuneration of the Directors and key management personnel are aligned with the long-term interest and risk policies of the Company.

#### Remuneration of the Executive Directors and key management personnel

The remuneration structure for the Executive Directors and key management personnel consists of the following components:

- Fixed remuneration which comprises basic salary, statutory employer's contributions to the Central Provident Fund and fixed allowances. In setting remuneration packages, the Group takes into account employment and pay conditions within the same industry and in comparable companies, as well as the Group's relative performance and the performance of the individual Directors and key management personnel.
- Variable bonus which is an annual remuneration component that varies according to the Group's and the individual's performance objectives. The performance objective of the Group is profit before tax as the RC believes that this best reflects the financial health and performance of the Group's business and is also a key performance measure used by other companies in similar industry.
- 3. Other benefits which include car and housing allowances, medical benefits, club memberships etc. Eligibility for these benefits will depend on the individual salary grade.
- 4. Share-based compensation under the SLC SOP and the SLC PSP, both of which were approved by the shareholders at the AGM held on 30 July 2015.

The Executive Directors also receive Directors' fees which are subject to the approval of the shareholders at the AGM.

## <u>Use of contractual provisions for the Executive Directors and key management personnel</u>

Having reviewed and considered the variable components of the remuneration packages for the Executive Directors and key management personnel, the RC is of the view that there is no need to institute contractual provisions to allow the Company to reclaim incentive components in exceptional circumstances of misstatement of financial results, or misconduct resulting in financial loss or fraud by the Executive Directors and key management personnel.

For the financial year ended 31 March 2018

#### Remuneration of the Non-Executive Directors

The RC ensures that the remuneration of the Non-Executive Directors are appropriate to their level of contribution taking into account factors such as efforts and time spent, and their responsibilities. The RC also ensures that the Non-Executive Directors should not be over-compensated to the extent that their independence may be compromised.

The Non-Executive Directors receive a basic retainer fee and additional fees for serving on board committees. The Chairman of each board committee is also paid a higher fee compared with the members of the respective board committees in view of the greater responsibility carried by that office. The Directors' fees are subject to the approval of the shareholders at the AGM.

#### Remuneration of the Directors

Although Guideline 9.2 of the Code recommends companies to fully disclose the name and remuneration of each director and the CEO, the Board is of the opinion that it is not in the best interest of the Company to disclose the exact details of their remuneration due to the competitiveness of the industry for key talent. As such, the Board has deviated from complying with the above recommendation and has provided below a breakdown showing the level and mix of remuneration of each Director in bands of \$\$250.000 for FY2018:

Remuneration Bands and Name of Director	Salary	Bonus	Fees (1)	Other Benefits <sup>(2)</sup>	Total	
	%	%	%	%	%	
<b>S\$4,750,000 to below S\$5,000,000</b> Ow Chio Kiat <sup>(3)</sup>	22	76	1	1	100	
<b>S\$1,250,000 to below S\$1,500,000</b> Ow Yew Heng <sup>(4)</sup>	26	71	2	1	100	
<b>S\$250,000 to below S\$500,000</b> Ow Cheo Guan <sup>(5)</sup>	68	23	6	3	100	
<b>Below S\$250,000</b> Mark Anthony James Vaile Stanley Lai Tze Chang	-	- -	100 100	-	100 100	
Lim Teck Chai, Danny	-	-	100	-	100	

Directors' fees were approved by shareholders at the AGM held on 28 July 2017.

- (3) Ow Chio Kiat is the brother of the Deputy Chairman, Ow Cheo Guan, and the father of the CEO, Ow Yew Heng.
- <sup>(4)</sup> Ow Yew Heng is the son of the Chairman, Ow Chio Kiat, and the nephew of the Deputy Chairman, Ow Cheo Guan.
- (5) Ow Cheo Guan is the brother of the Chairman, Ow Chio Kiat, and the uncle of the CEO, Ow Yew Heng.

Other benefits refer to benefits-in-kind such as car allowance, club memberships etc made available to Directors as appropriate.

For the financial year ended 31 March 2018

#### Remuneration of the top five key management personnel

Guideline 9.3 of the Code recommends companies to disclose the name and remuneration of at least the top five key management personnel (who are not Directors or the CEO) in bands of S\$250,000. As best practice, companies are encouraged to fully disclose the remuneration of the said top five key management personnel. In addition, companies should also disclose the aggregate of the total remuneration paid or payable to the top five key management personnel (who are not Directors or the CEO).

The Board is of the opinion that it is not in the best interest of the Company to disclose the exact details of their remuneration due to the competitiveness of the industry for key talent and the confidential nature of remuneration matters. As such, the Board has deviated from complying with the above recommendation. The Board only partially complies with the above recommendation by providing below a breakdown showing the level and mix of remuneration of each of the top five key management personnel (who are not Directors or the CEO) in bands of \$\$250,000 for FY2018:

Remuneration Bands and Name of Executive	Salary	Bonus	Award under SLC PSP	Other Benefits (1)	Total
	%	%	%	%	%
<b>\$\$500,000 to below \$\$750,000</b> Ciaran Handy	58	28	-	14	100
S\$250,000 to below S\$500,000					
Thomas Ong	91	7	-	2	100
Lee Li Huang	65	30	5	_	100
Helen Miao	64	30	5	1	100
Below \$\$250,000					
Benedict Tan <sup>(2)</sup>	67	33	-	_	100

Aggregate of the total remuneration paid or payable to the top five key management personnel (who are not Directors or the CEO)

\$\$1,773,000

Other benefits refer to benefits-in-kind such as housing allowance, etc made available to key management personnel as appropriate.

Benedict Tan joined the Group in October 2017.

For the financial year ended 31 March 2018

#### Remuneration of employees who are immediate family members of a Director or the CEO

Kiersten Ow Yiling, the daughter of the Chairman, Ow Chio Kiat, the sister of the CEO, Ow Yew Heng, and the niece of the Deputy Chairman, Ow Cheo Guan, draws a remuneration between S\$100,000 to S\$150,000.

Saved as disclosed above, there is no other employee who is an immediate family member of a Director or the CEO and whose remuneration exceeded S\$50,000 in FY2018.

Aggregate amount of termination, retirement and post-employment benefits granted to the Directors, the CEO and the top five key management personnel (who are not Directors or the CEO)

There are no termination, retirement and post-employment benefits granted or paid to the Directors, the CEO and the top five key management personnel (who are not Directors or the CEO) in FY2018.

#### **ACCOUNTABILITY AND AUDIT**

#### **Principle 10: Accountability**

The Group recognises the importance of providing the Board with accurate and relevant information on a timely basis. Hence, management provides appropriately detailed management accounts of the Group's performance on a quarterly basis to the Board to enable the Board to make a balanced and informed assessment of the Group's performance, financial position and prospects. As and when circumstances arise, the Board can request management to provide any necessary explanation and/or information on the management accounts of the Group.

The Board reviews and approves the financial results as well as any announcements before its release. The Board provides shareholders with quarterly and annual financial statements. Results for the first three quarters are released to shareholders within 45 days from the end of the quarter. Annual results are released within 60 days from the financial year-end. In presenting the quarterly and annual financial statements to shareholders, the Board strives to provide its shareholders with a balanced and understandable assessment of the Group's performance, financial position and prospects. The Board also ensures timely and full disclosure of material corporate developments to shareholders.

The Board takes steps to ensure compliance with legislative and regulatory requirements, including requirements under the Listing Manual, where appropriate. The Independent Directors in consultation with management will request for management's consideration for the establishment of written policies for any particular matter that is deemed to be essential to form part of management control.

For the financial year under review, the CEO and the CFO have provided assurance to the Board on the integrity of the financial statements of the Company and the Group.

For the financial year ended 31 March 2018

#### **Principle 11: Risk Management and Internal Controls**

The Board, with the assistance from the ARMC, is responsible for the governance of risk by ensuring that management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the Group's assets and determines the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.

The ARMC is responsible for making the necessary recommendations to the Board such that an opinion regarding the adequacy and effectiveness of the risk management and internal control systems of the Group can be made by the Board in the annual report of the Company according to the requirements in the Listing Manual and the Code.

The Company has engaged an independent accounting firm, Nexia TS Risk Advisory Pte. Ltd. ("Nexia"), as its internal auditors who have presented their Enterprise Risk Management ("ERM") proposal to the ARMC and the Board to assist the ARMC and the Board in their review of the Group's risk management and internal control systems focusing on financial, operational, compliance and information technology controls.

Management regularly reviews the Group's business and operational activities in respect of the key risk control areas including financial, operational, compliance and information technology controls and continues to apply appropriate measures to control and mitigate these risks. All significant matters are highlighted to the ARMC and the Board for further discussion. The ARMC and the Board also work with the internal auditors, external auditors and management on their recommendations to institute and execute relevant controls with a view to managing such risks.

With assistance from the internal auditors, key risk areas which have been identified are analysed, monitored and reported. In this connection, the Group has conducted the enterprise risk assessment and has established the risk reporting dashboard with a view to develop a detailed risk register and to develop a structured ERM to ensure that the Group's risk management and internal control systems are adequate and effective.

#### Assurance from the CEO and the CFO

The Board has received written assurance from the CEO and the CFO that:

- the financial records of the Group have been properly maintained and the financial statements for the financial year ended 31 March 2018 give a true and fair view of the Group's operations and finances; and
- b) the system of risk management and internal controls in place within the Group is adequate and effective in addressing the material risks in the Group in its current business environment including material financial, operational, compliance and information technology risks.

The CEO and the CFO have obtained similar assurance from the business and corporate executive heads in the Group.

For the financial year ended 31 March 2018

Opinion on the adequacy and effectiveness of the risk management and internal control systems

The ARMC sought the views of the external auditors in making assessment of the internal controls over financial reporting matters. In addition, based on the internal controls established and maintained by the Group, the work performed by the internal auditors and external auditors as well as the assurance received from the CEO and the CFO, the Board with the concurrence of the ARMC, is of the opinion that the Group's risk management and internal control systems, addressing financial, operational, compliance and information technology risks were adequate and effective as at 31 March 2018.

The Board notes that the system of risk management and internal controls established by the Group provides reasonable, but not absolute, assurance that the Group will not be adversely affected by any event that can be reasonably foreseen. Furthermore, the Board also acknowledges that no system of risk management and internal controls can provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgement in decision making, human errors, losses, fraud or other irregularities.

#### **Principle 12: Audit and Risk Management Committee**

#### ARMC composition

The ARMC consists of three members, all of whom are Independent Non-Executive Directors:

Mark Anthony James Vaile Chairman
Stanley Lai Tze Chang Member
Lim Teck Chai, Danny Member

The main responsibilities of the ARMC are to assist the Board in discharging its statutory and other responsibilities relating to four main areas:

- Overseeing financial reporting;
- Overseeing internal control and risk management systems;
- Overseeing internal and external audit processes; and
- Overseeing interested person transactions.

The members of the ARMC carried out their duties in accordance with the terms of reference approved by the ARMC and the Board. The principal functions of the ARMC include:

- a) Review the significant financial reporting issues and judgments so as to ensure the integrity of the financial statements of the Group and any announcements relating to the Group's financial performance before submission to the Board.
- b) Review and report to the Board at least annually the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls.
- c) Review the adequacy and effectiveness of the Group's internal audit function at least annually, including the adequacy of internal audit resources and its appropriate standing within the Group, as well as the scope and the results of the internal audit procedures.

For the financial year ended 31 March 2018

- d) Review the scope and results of the external audit, independence and objectivity of the external auditors.
- e) Recommend to the Board on the proposals to the shareholders relating to the appointment, reappointment and removal of the external auditors, and approve the remuneration and terms of engagement of the external auditors.
- f) Review and approve processes to regulate interested person transactions to ensure compliance with the requirements of the Listing Manual.

The ARMC has explicit authority to investigate any matter within its terms of reference and is authorised to obtain independent professional advice. It has full access to and co-operation of management and reasonable resources to enable it to discharge its duties properly. It also has full discretion to invite any Director, executive officer or external consultants whom it believes can provide information it needs for the purpose of the meeting to attend its meetings.

#### Summary of the ARMC's activities

The ARMC met four times during the financial year under review. Details of members and their attendance at meetings are provided in page 27. The CFO, Company Secretary, internal auditors and external auditors are invited to these meetings. Other members of management are also invited to attend as appropriate to present reports.

During FY2018, the ARMC had one meeting with internal auditors and external auditors separately, without the presence of management. These meetings enable the internal auditors and external auditors to raise issues encountered in the course of their work directly to the ARMC.

The principal activities of the ARMC during FY2018 are summarised below:

#### Financial reporting

The ARMC met on a quarterly basis and reviewed the quarterly and full year financial results announcements, material announcements and all related disclosures to the shareholders before submission to the Board for approval. In the process, the ARMC reviewed the audit plan and audit committee report presented by the external auditors.

The ARMC reviewed the annual financial statements and also discussed with management, the CFO and the external auditors the significant accounting policies, judgements and estimates applied by management in preparing the annual financial statements. The ARMC focused particularly on:

- Significant adjustments resulting from the audit;
- The appropriateness of the going concern assumption in the preparation of the financial statements:
- Significant matters impacting the annual financial statements that have been included in the Independent Auditor's Report to the Members under "Key Audit Matters"; and
- Significant deficiencies in internal controls over financial reporting matters that came to the external auditors' attention during their audit together with their recommendations.

For the financial year ended 31 March 2018

Following the review and discussions, the ARMC then recommend to the Board for approval of the audited annual financial statements.

#### External audit processes

The ARMC manages the relationship with the Group's external auditors on behalf of the Board. The ARMC is of the view that the external auditors demonstrated appropriate qualifications and expertise. It is also satisfied with the adequacy of the scope and quality of the external audits being conducted by Ernst & Young LLP. Therefore, the ARMC recommended to the Board the re-appointment of Ernst & Young LLP as the external auditors. The Board accepted this recommendation and has proposed a resolution to shareholders for the re-appointment of Ernst & Young LLP at the forthcoming AGM.

Pursuant to the requirement in the Listing Manual, an audit partner must only be in charge of a maximum of five consecutive annual audits and may then return after two years. The current Ernst & Young LLP's audit engagement partner for the Company was appointed on 28 July 2016. In appointing Ernst & Young LLP, an auditing firm registered with the Accounting and Corporate Regulatory Authority, as auditors for the Company and its subsidiaries, the Group has complied with Rules 712 and 715 of the Listing Manual.

# <u>Auditors' independence</u>

In order to maintain the independence of the external auditors, the Group has specific policy which governs the conduct of non-audit work performed by the external auditors. This policy prohibits the external auditors from:

- Performing services which would result in the auditing of their own work;
- Participating in activities normally undertaken by management;
- Acting as advocate for the Group; or
- Creating a mutuality of interest between the external auditors and the Group, for example being remunerated through a success fee structure.

The ARMC undertook a review of the independence and objectivity of the external auditors through discussions with the external auditors as well as reviewing the non-audit fees awarded to them. The ARMC received a yearly report setting out the non-audit services provided by Ernst & Young LLP and the fees charged. An analysis of fees paid in respect of audit and non-audit services provided by breakdown for the past 2 years is disclosed in Note 9 to the financial statements.

Having undertaken a review of the services provided during the financial year, the ARMC is satisfied that the objectivity and independence of the external auditors are not in any way impaired by reason of the non-audit services which they provide to the Group.

For the financial year ended 31 March 2018

#### Internal audit

During the financial year, the ARMC has reviewed and assessed the adequacy of the Group's system of internal controls and regulatory compliance through discussion with management, internal auditors and external auditors.

The ARMC considered and reviewed with management and internal auditors on the following:

- Annual internal audit plans to ensure that the plans covered sufficiently a review of the internal controls of the Group; and
- Significant internal audit observations and management's response thereto.

The ARMC has reviewed the adequacy and effectiveness of the internal audit function.

#### **Interested person transactions**

The ARMC reviewed the Group's interested person transactions to ensure that the transactions were carried out on normal commercial terms and were not prejudicial to the interests of the Company or its non-controlling shareholders. On a quarterly basis, management reports to the ARMC the interested person transactions.

The ARMC is satisfied that the internal controls over the identification, evaluation, review, approval and reporting of interested person transactions were effective.

#### Whistle blowing

The Company has adopted a Whistle-Blowing Policy (the "Policy") to provide an independent channel through which matters of concern regarding improprieties in matters of financial reporting or other matters may be raised by employees and external parties in confidence. Upon the receipt of any feedback, independent investigations are carried out by a panel which comprises of one or more of the CEO, the CFO, the General Counsel and the Human Resource Director, who reports to the ARMC. The salient terms of the Policy and the contact details under the Policy can be found on the Company's website. The Policy does not disregard anonymous complaints and all complaints are investigated in accordance with the terms of the Policy.

#### **Principle 13: Internal Audit**

The ARMC approves the appointment, removal, evaluation and compensation of internal auditors. The internal audit function of the Group is outsourced to Nexia. The internal auditors' primary line of reporting is the ARMC Chairman. Administratively, the internal auditors report to the CEO. The selection of Nexia as the internal auditors, its fee proposal and the internal audit proposal was reviewed and approved by the ARMC. The internal auditors carry out their function in accordance to the standards set by the International Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors.

For the financial year ended 31 March 2018

The primary purpose of the internal audit function is to assist the Board and management to meet the strategic and operational objectives of the Group, by providing an independent and objective evaluation of the adequacy and effectiveness of risk management, controls and governance processes. The internal audit approach focuses on key financial, operational, compliance and information technology risks. The annual internal audit plan is established in consultation with, but independent of, management. The internal audit plan is reviewed and approved by the ARMC. All internal audit findings, recommendations and status of remediation, are circulated to the ARMC, the CEO, the external auditors and relevant management.

The ARMC ensures that management provides good support to the internal auditors and provides them with access to documents, records, properties and personnel when requested in order for the internal auditors to carry out their function accordingly. The ARMC meets with the internal auditors once a year, without the presence of management.

#### SHAREHOLDER RIGHTS AND RESPONSIBILITIES

#### **Principle 14: Shareholder Rights**

The Group recognises the importance of maintaining transparency and accountability to its shareholders. The Board ensures that all the Company's shareholders are treated equitably and the rights of all investors, including non-controlling shareholders are protected.

The Group is committed to providing shareholders with adequate, timely and sufficient information pertaining to changes in the Group's business which could have a material impact on the Company's share price.

The Group strongly encourages shareholders' participation during the AGM which will be held in a central location in Singapore. Shareholders will be well informed of the meetings and voting procedures and they are able to proactively engage the Board and management on the Group's business activities, financial performance and other business related matters.

### **Principle 15: Communication with Shareholders**

## Disclosure of information on a timely basis

The Group is committed to maintaining high standards of corporate disclosure and transparency. The Group values dialogue sessions with its shareholders. The Group believes in regular, effective and fair communication with shareholders and is committed to hearing shareholders' views and addressing their concerns.

Material information is disclosed in a comprehensive, accurate and timely manner via SGXNET, press release and corporate website. To ensure a level playing field and provide confidence to shareholders, unpublished price sensitive information is not selectively disclosed. In the event that unpublished material information is inadvertently disclosed to any selected group in the course of the Group's interactions with the investing community, a media release or announcement will be released to the public via SGXNET.

The Group's corporate website is the key resource of information for shareholders. In addition to the quarterly financial results materials, it contains a wealth of investor related information on the Group, including annual reports, shares and dividend information and factsheets.

For the financial year ended 31 March 2018

#### Interaction with shareholders

The Company has an internal investor relations function which focuses on facilitating communications with shareholders and analysts on a regular basis, attending to their queries or concerns and keeping them apprised of the Group's corporate developments and financial performance.

#### Dividend policy

The Company does not have a fixed dividend policy. In considering the form, frequency and amount of dividends that the Board may recommend or declare in respect of any particular year or period, the Board takes into account various factors outlined below as well as other factors deemed necessary by the Board:

- The level of available cash for the Group's working capital;
- The return on equity and retained earnings; and
- The Group's projected levels of capital expenditure and other investment plans.

#### **Principle 16: Conduct of Shareholder Meetings**

The Group supports and encourages active shareholders' participation at general meetings. The Board believes that general meetings serve as an opportune forum for shareholders to meet the Board and key management personnel, and to interact with them. Information on general meetings is disseminated through notices in the annual reports or circulars sent to all shareholders. The notices are also released via SGXNET and published in local newspapers, as well as posted on the Company's website.

The Company's Constitution allows all shareholders to appoint proxies to attend general meetings and vote on their behalf. As the authentication of shareholder identity information and other related security issues still remain a concern, the Group has decided, for the time being, not to implement voting in absentia by mail, email or fax.

Separate resolutions on each distinct issue are tabled at general meetings and explanatory notes are set out in the notices of general meetings where appropriate. All Directors including the Chairman of the Board and the respective Chairman of the ARMC, NC and RC, management, and the external auditors are intended to be in attendance at general meetings to address any queries of the shareholders.

The Company intends to record the minutes of general meetings that include relevant and substantial comments or queries from shareholders relating to the agenda of the meetings and responses from the Board and management. Such minutes, subsequently approved by the Board, will be available to shareholders upon their request.

The Company will continue to put all resolutions to vote by poll in the presence of independent scrutineers. Explanation on polling procedures will be provided to shareholders before the poll voting is conducted. The total numbers and percentage of valid votes cast for or against each resolution will be announced at the general meetings and also released via SGXNET after the general meetings.

For the financial year ended 31 March 2018

#### **DEALING IN THE COMPANY'S SECURITIES**

The Group has adopted an internal compliance code to provide guidance to its Directors and all employees of the Group with regard to dealings in the Company's securities. The code prohibits dealing in the Company's securities by the Directors and employees of the Group while in possession of unpublished price sensitive information. Directors and employees are not allowed to deal in the Company's securities on short-term considerations and during the two weeks before the release of the Company's first three quarters' financial results and during the one month before the release of the full year financial results. The Directors and employees are also required to adhere to the provisions of the Securities and Futures Act, Companies Act (Chapter 50), the Listing Manual and any other relevant regulations with regard to their securities transactions. They are also expected to observe insider trading laws at all times even when dealing in securities within the permitted trading period.

The Group issues quarterly reminders to its Directors, officers and employees on the restrictions in dealings in the Company's securities during the above stated period. Directors are also required to report their dealings in the Company's securities within two business days.

#### MATERIAL CONTRACTS

There were no material contracts entered into by the Company or its subsidiaries involving the interests of the CEO, Directors or controlling shareholders which are either subsisting at the end of the financial year or if not then subsisting, entered into since the end of the previous financial year.

#### INTERESTED PERSON TRANSACTIONS ("IPTs")

The Company has established procedures to ensure that IPTs are undertaken on an arm's length basis, on normal commercial terms consistent with the Group's usual business practices and policies and on terms which are generally no more favourable to those extended to unrelated third parties.

The Company maintains a register of all IPTs and details of significant IPTs in FY2018 are set out below:

Name of Interested Person	Aggregate value of all IPTs (excluding transactions less than S\$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920)	Aggregate value of all IPTs conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than S\$100,000)		
Singapore Shipping Corporation Limited ("SSC") and Subsidiaries	S\$1,589,000 <sup>(1)</sup>	-		
Gloxinia Investments Ltd ("GIL")	S\$108,000 <sup>(2)</sup>	-		

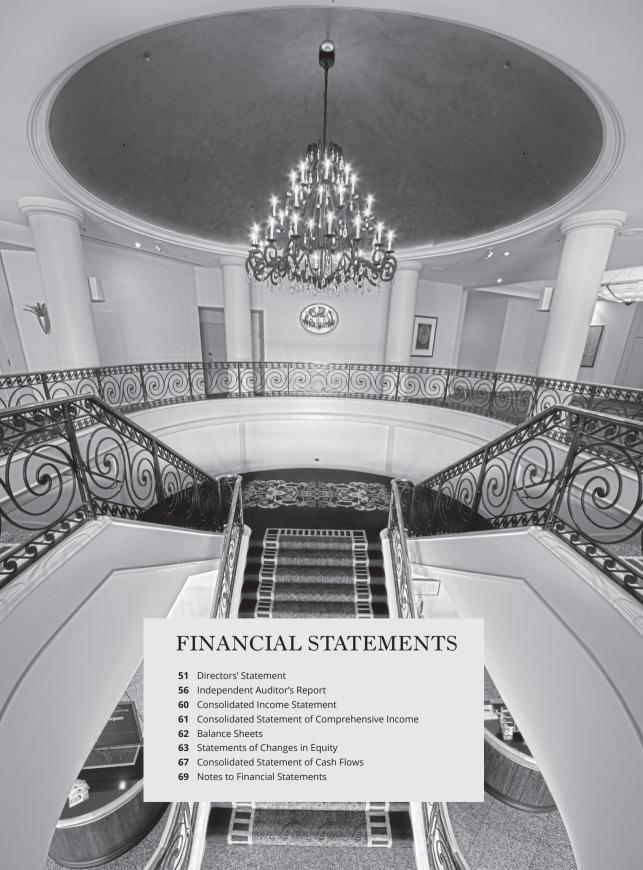

- (1) Receipts of rental income and income for services rendered. Ow Chio Kiat is the controlling shareholder of SSC, therefore, SSC is an associate of Ow Chio Kiat and is an interested person as defined under Chapter 9 of the Listing Manual.
- (2) Receipts of income for services rendered. Ow Chio Kiat is the controlling shareholder of GIL, therefore, GIL is an associate of Ow Chio Kiat and is an interested person as defined under Chapter 9 of the Listing Manual.

For the financial year ended 31 March 2018

The above IPTs are undertaken on an arm's length basis, on normal commercial terms consistent with the Group's usual business practices and policies and on terms which are generally no more favourable to those extended to unrelated third parties.

#### **KEY MANAGEMENT EXECUTIVES**

Name and Designation	Academic/Professional Qualifications	No. of Years with the Group	Prior Working Experience
<b>Ciaran Handy</b> Senior Director, Operations	Diploma in Hotel & Catering Management, RTC Galway	2	Director of Operations of TFE Hotels

For the financial year ended 31 March 2018

The directors are pleased to present their statement to the members together with the audited consolidated financial statements of Stamford Land Corporation Ltd (the "Company") and its subsidiaries (collectively, the "Group"), and the balance sheet and statement of changes in equity of the Company for the financial year ended 31 March 2018.

#### Opinion of the directors

In the opinion of the directors,

- (i) the consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 March 2018 and the financial performance, changes in equity and cash flows of the Group and the changes in equity of the Company for the financial year ended on that date; and
- (ii) at the date of this statement there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

#### **Directors**

The directors of the Company in office at the date of this statement are as follows:

Ow Chio Kiat (Executive Chairman)
Ow Cheo Guan (Deputy Executive Chairman)

Ow Yew Heng (Executive Director and Chief Executive Officer)

Mark Anthony James Vaile Stanley Lai Tze Chang

Lim Teck Chai, Danny (Appointed on 31 May 2017)

#### Arrangements to enable directors to acquire shares and debentures

Except as described below, neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

For the financial year ended 31 March 2018

#### Directors' interests in shares and debentures

The following directors, who held office at the end of the financial year had, according to the register of directors' shareholdings, required to be kept under Section 164 of the Singapore Companies Act, Chapter 50 (the "Act"), an interest in shares and share options of the Company and related corporations (other than wholly-owned subsidiaries) as stated below:

	Direct interest				Deemed interest			
Name of director	At the beginning of financial year or At the end date of of financial At 21 April		At 21 April 2018	At the beginning of financial year or date of appointment	At the end of financial year	At 21 April 2018		
Ordinary shares of the Company								
Ow Chio Kiat	300,216,000	300,216,000	300,216,000	22,342,000	28,842,000	28,842,000		
Ow Cheo Guan	3,730,000	3,730,000	3,730,000	26,400,000	26,400,000	26,400,000		
Ow Yew Heng	10,000,000	10,000,000	10,000,000	-	-	-		
Lim Teck Chai, Danny	_	318,000	393,800	-	-	-		

By virtue of Section 7 of the Act, Ow Chio Kiat is deemed to have an interest in the ordinary shares of all the subsidiaries of the Company at the beginning and at the end of the financial year.

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, debentures, warrants or share options of the Company, or of related corporations, either at the beginning of the financial year, or date of appointment, if later, or at the end of the financial year.

#### Stamford Land Corporation Ltd Share Option Plan and Performance Share Plan

The Company has in place the Stamford Land Corporation Ltd Share Option Plan 2015 ("SLC SOP") and the Stamford Land Corporation Ltd Performance Share Plan 2015 ("SLC PSP").

The SLC SOP and the SLC PSP were approved by the shareholders of the Company at the annual general meeting held on 30 July 2015. The SLC SOP and the SLC PSP are administered by the Remuneration Committee ("RC") which comprises the following three independent and non-executive directors at the date of this statement, who do not participate in either the SLC SOP or the SLC PSP:

Stanley Lai Tze Chang (Chairman) Mark Anthony James Vaile Lim Teck Chai, Danny

For the financial year ended 31 March 2018

#### Stamford Land Corporation Ltd Share Option Plan and Performance Share Plan (cont'd)

#### SLC SOP

- The persons eligible to participate in the SLC SOP are selected employees (which may include executive directors) of the Group of such rank as the RC may determine, and other participants selected by the RC, but shall exclude non-executive directors of the Group, independent directors of the Company and controlling shareholders. As at the date of this statement, no associate of any controlling shareholder is a participant in the SLC SOP.
- SLC SOP shall continue in force at the absolute discretion of the RC, subject to a maximum period
  of 10 years from 30 July 2015 (unless extended with the approval of the shareholders and any
  relevant authorities).
- The RC has the full discretion to grant options at an exercise price of either market price or at a
  discount to market price (provided that such discount shall not exceed 20% of the market price).
  Market price shall be determined based on an average of the last dealt prices for the shares on the
  Singapore Exchange Securities Trading Limited ("SGX-ST") for the three consecutive market days
  immediately preceding the date of the grant of the relevant option.
- Options granted at market price may be exercised after the expiry of one year from the date of the grant, whereas options granted at a discount to market price may only be exercised after the expiry of two years from the date of the grant.
- At the end of the financial year, there were no outstanding options granted under the SLC SOP.

#### SLC PSP

- The persons eligible to participate in the SLC PSP are either selected employees of the Group of such rank as the RC may determine, or other participants as selected by the RC at its discretion, but shall exclude the independent directors of the Company, controlling shareholders and the associates of such controlling shareholders.
- SLC PSP shall continue in force at the absolute discretion of the RC, subject to a maximum period of 10 years from 30 July 2015 (unless extended with the approval of the shareholders and any relevant authorities).
- An award granted under the SLC PSP represents the right to receive fully paid shares, free of charge, provided that certain pre-determined performance conditions (if applicable) are satisfied within the performance period (if applicable) during which such performance conditions are to be satisfied.
- At the end of the financial year, no awards under the SLC PSP have been granted to controlling shareholders or their associates, and directors, and no employee has received 5% or more of the total number of shares available/delivered pursuant to the grants under the SLC PSP.

For the financial year ended 31 March 2018

#### Stamford Land Corporation Ltd Share Option Plan and Performance Share Plan (cont'd)

SLC PSP (cont'd)

During the financial year, seven employees of the Group have been granted awards in relation to an aggregate number of 117,000 shares under the SLC PSP. Details of such share awards granted under the SLC PSP are as follows:

Date of grant	Market price on date of grant	•		Vesting period	
2 August 2017	0.520	117,000	7	No vesting period imposed, shares were released and issued to the grantees on 2 August 2017	

#### Size of SLC SOP and the SLC PSP

The aggregate number of shares which may be issued or delivered pursuant to options granted under the SLC SOP and awards granted under the SLC PSP, together with shares, options or awards granted under any other share scheme of the Company then in force (if any), shall not exceed 15% of the issued share capital of the Company, excluding treasury shares.

#### Audit and Risk Management Committee ("ARMC")

The members of the ARMC at the date of this statement are as follows:

Mark Anthony James Vaile (Chairman) Stanley Lai Tze Chang Lim Teck Chai, Danny

All members of the ARMC are non-executive and independent directors.

The ARMC held four meetings since the date of last directors' statement. In performing its functions, the ARMC met with the Group's external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Group's internal accounting control system.

The ARMC carried out its functions in accordance with Section 201B of the Act and the Listing Manual of the SGX-ST ("Listing Manual"), and is guided by the Code of Corporate Governance. The ARMC's functions include (but not limited to) reviewing the following:

- assistance provided by the Group's officers to the internal and external auditors;
- quarterly financial information and annual financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption;
- interested person transactions (as defined in Chapter 9 of the Listing Manual); and
- the amount of audit and non-audit fees paid to the external auditors of the Group.

Further details on the ARMC are disclosed in the Corporate Governance Report.

For the financial year ended 31 March 2018

#### Auditor

Ernst & Young LLP has expressed their willingness to accept re-appointment as auditor.
On behalf of the board of directors,

Ow Chio Kiat Director

Ow Yew Heng Director

Singapore 18 June 2018

To the Members of Stamford Land Corporation Ltd

#### Report on the audit of the financial statements

#### Opinion

We have audited the financial statements of Stamford Land Corporation Ltd (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 March 2018, the statements of changes in equity of the Group and the Company, and the consolidated income statement, consolidated statement of comprehensive income and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 March 2018 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

#### **Basis for opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

To the Members of Stamford Land Corporation Ltd

#### Key audit matters (cont'd)

#### Valuation of investment properties

The valuation of the investment properties is significant to our audit due to the magnitude of the carrying value as of 31 March 2018. As at 31 March 2018, the carrying value of investment properties is \$\$127.4 million. The valuation of the investment properties is highly dependent on a range of assumptions (including rental rates, rental growth rates, discount rates and terminal yield rates) made by the external appraisers and management. These estimates are based on local market conditions existing at the end of each reporting date.

For the investment property in Australia, management used external appraisers to support the determination of its fair value while for the investment property in Singapore, management carried out an internal assessment to support its fair value. We considered the competence, capabilities and objectivity of the external appraisers. We assessed the appropriateness of the valuation model, data and assumptions (including rental rates, rental growth rates, discount rates and terminal yield rates) used by the external appraisers and management. We also assessed the adequacy of the disclosures related to investment properties in Note 14.

#### Appropriateness of the carrying value of the development properties

The Group constructs properties for sale in the ordinary course of business. As at 31 March 2018, the Group has capitalised S\$100.7 million as development properties for sale, relating to costs incurred on Macquarie Park Village ("MPV") project in Sydney, Australia. Capitalised development costs are deemed significant to our audit, given it represents approximately 19% of the Group's net assets.

We have performed audit procedures over the accuracy, valuation and completeness of the costs recognised. We assessed the recognition criteria for the development costs and tested the costs on a sample basis to ensure costs are properly capitalised as development costs.

We also considered the adequacy of the disclosures in Note 18 of the financial statements for these development properties for sale.

#### Other information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

To the Members of Stamford Land Corporation Ltd

#### Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, design and perform audit procedures responsive to those risks, and obtain
  audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
  detecting a material misstatement resulting from fraud is higher than for one resulting from error,
  as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
  of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

To the Members of Stamford Land Corporation Ltd

#### Auditor's responsibilities for the audit of the financial statements (cont'd)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.
   We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Lim Tze Yuen.

# NOTES TO FINANCIAL STATEMENTS

For the financial year ended 31 March 2018

### 1. Corporate Information

Stamford Land Corporation Ltd (the "Company") is a limited liability company incorporated and domiciled in Singapore and is listed on the Singapore Exchange Securities Trading Limited ("SGX-ST").

The registered office and principal place of business of the Company is located at 200 Cantonment Road, #09-01 Southpoint, Singapore 089763.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries are disclosed in Note 15 to the financial statements.

#### 2. Summary of significant accounting policies

#### 2.1 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards ("FRS").

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars ("\$") and all values in the tables are rounded to the nearest thousand (\$'000), except when otherwise indicated.

#### 2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group has adopted all the new and revised standards which are effective for annual financial periods beginning on or after 1 April 2017, including the Amendments to FRS 7 *Disclosure Initiative*. The adoption of these standards did not have any effect on the financial performance or position of the Group and the Company.

# NOTES TO FINANCIAL STATEMENTS

For the financial year ended 31 March 2018

#### 2. Summary of significant accounting policies (cont'd)

#### 2.3 Standards issued but not yet effective

The Group has not adopted the following standards and interpretations applicable to the Group that have been issued but not yet effective:

	Effective for annual periods beginning
Description	on or after
FRS 109 Financial Instruments	1 January 2018
FRS 115 Revenue from Contracts with Customers	1 January 2018
FRS 116 Leases	1 January 2019
Amendments to FRS 102 <i>Classification and Measurement of Share-Based Payment Transactions</i>	1 January 2018
Amendments to FRS 28 Long-term Interests in Associates and Joint Ventures	1 January 2019
Improvements to FRSs (December 2016) - Amendments to FRS 28 Investments in Associates and Joint Ventures	1 January 2018
Improvements to FRSs (March 2018)  - Amendments to FRS 12 Income Taxes  - Amendments to FRS 23 Borrowing Costs  - Amendments to FRS 103 Business Combinations  - Amendments to FRS 111 Joint Arrangements	1 January 2019 1 January 2019 1 January 2019 1 January 2019
INT FRS 122 Foreign Currency Transactions and Advance Consideration	1 January 2018
INT FRS 123 Uncertainty Over Income Tax Treatments Amendments to FRS 110 and FRS 28 Sale or Contribution of Assets	1 January 2019
between an Investor and its Associate or Joint Venture	Date to be determined

Except for FRS 109, FRS 115 and FRS 116, the directors expect that the adoption of the other standards above will have no material impact on the financial statements in the year of initial application. The nature of the impending changes in accounting policies on adoption of FRS 109, FRS 115 and FRS 116 are described below.

#### FRS 109 Financial Instruments

FRS 109 introduces new requirements for classification and measurement of financial assets, impairment of financial assets and hedge accounting. Financial assets are classified according to their contractual cash flow characteristics and the business model under which they are held. The impairment requirements in FRS 109 are based on an expected credit loss model and replace the FRS 39 incurred loss model.

The Group is currently assessing the impact of adopting FRS 109 and plans to adopt the new standard on the required effective date.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.3 Standards issued but not yet effective (cont'd)

#### FRS 115 Revenue from Contracts with Customers

FRS 115 establishes a five-step model to account for revenue arising from contracts with customers. Under FRS 115, revenue is recognised at an amount that reflects the consideration which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under FRS. Either a full or modified retrospective application is required for annual periods beginning on or after 1 January 2018 with early adoption permitted. The Group is currently assessing the impact of adopting FRS 115 and plans to adopt the new standard on the required effective date.

#### FRS 116 Leases

FRS 116 requires lessees to recognise most leases on balance sheets to reflect the rights to use the leased assets and the associated obligations for lease payments as well as the corresponding interest expense and depreciation charges. The standard includes two recognition exemption for lessees, leases of 'low value' assets and short-term leases. The new standard is effective for annual periods beginning on or after 1 January 2019.

The Group is currently assessing the impact of FRS 116 and plans to adopt the new standard on the required effective date.

#### Convergence with International Financial Reporting Standards

For annual financial periods beginning on or after 1 January 2018, Singapore-incorporated companies listed on the SGX-ST will be required to apply Singapore Financial Reporting Framework (International) ("SFRS (I)"), a new financial reporting framework identical to the International Financial Reporting Standards.

Management is currently performing a detailed analysis of the available policy choices, transitional optional exemptions and transitional mandatory exceptions under SFRS (I) 1 First-time Adoption of International Financial Reporting Standards (International), and plans to adopt the new framework on the required effective date.

#### 2.4 Basis of consolidation and business combinations

### (a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

## 2.4 Basis of consolidation and business combinations (cont'd)

#### (a) Basis of consolidation (cont'd)

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- de-recognises the carrying amount of any non-controlling interest;
- de-recognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss; and
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

#### (b) Business combinations

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another FRS.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.4 Basis of consolidation and business combinations (cont'd)

#### (c) Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

## 2.5 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

#### (a) Transactions and balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss. Exchange differences arising on monetary items that form part of the Group's net investment in foreign operations are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

#### (b) Consolidated financial statements

For consolidation purpose, the assets and liabilities of foreign operations are translated into Singapore Dollars at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.6 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duty.

#### (a) Sale of goods

Revenue from sale of goods and completed properties is recognised when significant risks and rewards of ownership are transferred to the buyer. This generally coincides with the point in time when the completed property is delivered to the buyer. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

#### (b) Rendering of services

Revenue from rendering of services associated with the hotel and restaurant operations is recognised when the services are rendered.

#### (c) Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

### (d) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

### (e) Interest income

Interest income is recognised using the effective interest method.

#### 2.7 Employee benefits

#### (a) Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.7 Employee benefits (cont'd)

#### (b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve months after the end of the reporting period is recognised for services rendered by employees up to the end of the reporting period. The liability for leave expected to be settled beyond twelve months from the end of the reporting period is determined using the projected credit method. The net total of service costs, net interest on the liability and remeasurement of the liability are recognised in profit or loss.

### (c) Share-based compensation

Employees of the Group receive remuneration in the form of share awards as consideration for services rendered.

The cost of these equity-settled share based payment transactions with employees is measured by reference to the fair value of the awards at the date on which the awards are granted. In valuing the share awards, no account is taken of any performance conditions, other than conditions linked to the price of the shares of the Company.

This cost is recognised in the profit or loss account as share-based compensation expense, with a corresponding increase in the share option reserve. When the new shares are issued to the employees, the proceeds received (net of transaction costs) and the related balance previously recognised in the share option reserve are credited to share capital.

#### 2.8 Taxes

#### (a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.8 Taxes (cont'd)

#### (b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.8 Taxes (cont'd)

(c) Sales Tax

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable: and
- Receivables and payables that are stated with the amount of sales tax included.

### 2.9 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

### 2.10 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment other than freehold land are measured at cost less accumulated depreciation and any accumulated impairment losses.

Freehold land is stated at cost as it has an unlimited useful life and therefore is not depreciated.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Freehold buildings - 100 years

Leasehold land and buildings - Terms of the leases ranging from 65 to 99 years

Renovations, furniture and fittings - 2 to 25 years

Motor vehicles - 5 to 7 years

Equipment and computers - 2 to 15 years

Assets under construction are not depreciated as these assets are not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end and adjusted prospectively, if appropriate.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.10 Property, plant and equipment (cont'd)

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the asset is included in profit or loss in the year the asset is derecognised.

When there is a change of use from an owner-occupied property to an investment property, the property is remeasured to fair value at the date of the change in use. Any gain arising on remeasurement is recognised in profit or loss to the extent that it reverses any previous impairment allowance with the remaining gain recognised in equity under asset revaluation reserve. The asset revaluation reserve is transferred to retained profits upon disposal of the property. Any loss is recognised directly to the profit or loss.

### 2.11 Investment properties

Investment properties are properties that are either owned by the Group or leased under a finance lease that are held to earn rentals or for capital appreciation, or both, rather than for use in the production or supply of goods or services, or for administrative purposes, or in the ordinary course of business. Investment properties comprise completed investment properties and properties that are being constructed or developed for future use as investment properties. Properties held under operating leases are classified as investment properties when the definition of an investment property is met.

Investment properties are initially measured at cost, including transaction costs.

Subsequent to initial recognition, investment properties are measured at fair value. Gains or losses arising from changes in the fair values of investment properties are included in profit or loss in the year in which they arise.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in profit or loss in the year of retirement or disposal.

#### 2.12 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.12 Impairment of non-financial assets (cont'd)

Impairment losses of continuing operations are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

## 2.13 Development properties

Development properties are properties being constructed for sale in the ordinary course of business, rather than to be held for the Group's own use, rental or capital appreciation. Upon completion of the construction, any unsold completed properties are transferred and accounted as completed properties for sale.

Development properties are held as inventories and are measured at the lower of cost and net realisable value.

Net realisable value of development properties is the estimated selling price in the ordinary course of business, based on market prices at the reporting date and discounted for the time value of money if material, less the estimated costs of completion and the estimated costs necessary to make the sale.

The costs of development properties recognised in profit or loss on disposal are determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs based on the relative size of the property sold.

#### 2.14 Financial instruments

#### (a) Financial assets

*Initial recognition and measurement* 

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

## 2.14 Financial instruments (cont'd)

(a) Financial assets (cont'd)

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

i. Financial assets at fair value through profit or loss which are held for trading

Financial assets at fair value through profit or loss include financial assets held for trading. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. This category includes derivative financial instruments entered into by the Group. Derivatives, including separated embedded derivatives are also classified as held for trading.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial assets are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss include exchange differences, interest and dividend income.

Derivatives embedded in host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not measured at fair value with changes in fair value recognised in profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss. Reassessment only occurs if there is a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required.

#### ii. Loans and receivables

Non-derivative financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

#### iii. Available-for-sale financial assets

Available-for-sale financial assets include equity and debt securities. Equity investments classified as available-for-sale are those, which are neither classified as held for trading nor designated at fair value through profit or loss. Debt securities in this category are those which are intended to be held for an indefinite period of time and which may be sold in response to needs for liquidity or in response to changes in the market conditions.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.14 Financial instruments (cont'd)

#### (a) Financial assets (cont'd)

Subsequent measurement (cont'd)

### iii. Available-for-sale financial assets (cont'd)

After initial recognition, available-for-sale financial assets are subsequently measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except that impairment losses, foreign exchange gains and losses on monetary instruments and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is de-recognised.

Investment in equity instruments whose fair value cannot be reliably measured are measured at cost less impairment loss.

### De-recognition

A financial asset is de-recognised where the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

## (b) Financial liabilities

#### *Initial recognition and measurement*

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

#### Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

Financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

## 2.14 Financial instruments (cont'd)

(b) Financial liabilities (cont'd)

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

### 2.15 Impairment of financial assets

The Group assesses at each reporting date whether there is any objective evidence that a financial asset is impaired.

(a) Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognised are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The impairment loss is recognised in profit or loss.

When the asset becomes uncollectible, the carrying amount of impaired financial asset is reduced directly or if an amount was charged to the allowance account, the amounts charged to the allowance account are written off against the carrying value of the financial asset.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.15 Impairment of financial assets (cont'd)

#### (b) Financial assets carried at cost

If there is objective evidence (such as significant adverse changes in the business environment where the issuer operates, probability of insolvency or significant financial difficulties of the issuer) that an impairment loss on financial assets carried at cost had been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment losses are not reversed in subsequent periods.

#### (c) Available-for-sale financial assets

In the case of equity investments classified as available-for-sale, objective evidence of impairment include (i) significant financial difficulty of the issuer or obligor; (ii) information about significant changes with an adverse effect that have taken place in the technological, market, economic or legal environment in which the issuer operates, and indicates that the cost of the investment in equity instrument may not be recovered; and (iii) a significant or prolonged decline in the fair value of the investment below its costs.

If an available-for-sale financial asset is impaired, an amount comprising the difference between its acquisition cost (net of any principal repayment and amortisation) and its current fair value, less any impairment loss previously recognised in profit or loss, is transferred from other comprehensive income and recognised in profit or loss. Reversals of impairment losses in respect of equity instruments are not recognised in profit or loss; increase in their fair value after impairment are recognised directly in other comprehensive income.

In the case of debt instruments classified as available-for-sale, impairment is assessed based on the same criteria as financial assets carried at amortised cost. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortised cost and the current fair value, less any impairment loss on that investment previously recognised in profit or loss. Future interest income continues to be accrued based on the reduced carrying amount of the asset, using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. The interest income is recorded as part of finance income. If, in a subsequent year, the fair value of a debt instrument increases and the increases can be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss is reversed in profit or loss.

## 2.16 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

## 2.17 Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are recognised as income in profit or loss over the period of the guarantee. If it is probable that the liability will be higher than the amount initially recognised less amortisation, the liability is recorded at the higher amount with the difference charged to profit or loss.

#### 2.18 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average cost method and includes the cost of purchase and other costs in bringing the inventories to their present location and condition.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

## 2.19 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

#### 2.20 Leases

#### (a) As lessee

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

For the financial year ended 31 March 2018

## 2. Summary of significant accounting policies (cont'd)

#### 2.20 Leases (cont'd)

(b) As lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income.

Contingent rents are recognised as revenue in the period in which they are earned.

#### 2.21 Completed properties for sale

Completed properties for sale are those which are intended for sale in the ordinary course of business.

Completed properties are held as inventories and are measured at the lower of cost and net realisable value.

Net realisable value of completed properties is the estimated selling price in the ordinary course of business, based on market prices at the reporting date and discounted for the time value of money if material, less the costs necessary to make the sale.

## 2.22 Share capital and share issuance expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

## 2.23 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
  - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

For the financial year ended 31 March 2018

## 3. Significant accounting judgements and estimates

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

## 3.1 Judgements made in applying accounting policies

Management is of the view that there is no significant judgement made in applying accounting policies that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period.

## 3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

## (a) Valuation of completed properties for sale and development properties for sale

Completed properties and development properties are measured at the lower of cost and net realisable value.

The determination of the estimated net realisable value of these properties is dependent upon the Group's expectations of future selling prices, which are estimated based on recent sales transactions and open market valuation of the unsold units. Market conditions may, however, change which may affect the future selling prices on the remaining unsold units and accordingly, further impairment loss may be required or reversed in future periods.

The carrying amounts of the Group's completed properties for sale and development properties for sale are set out in Notes 17 and 18 respectively.

## (b) Valuation of investment properties

The Group carries its investment properties at fair value, with changes in fair value being recognised in profit or loss. The valuation of the leasehold investment property was performed internally and the valuation of the freehold investment property was performed by independent external appraiser using recognised valuation techniques. These techniques comprise of direct sales comparison method, discounted cash flow method and capitalisation method. The key assumptions used to determine the fair value of the investment properties are provided in Note 33.

The carrying amount of the Group's investment properties is set out in Note 14.

For the financial year ended 31 March 2018

#### 4. Revenue

	Gro	Group	
	2018	2017

Hotel supplies and services	3,051	3,095
Consultancy, legal and professional fees	1,356	2,070
Insurance	693	685

## 10. Income tax expense

Major components of income tax expense

The major components of income tax expense for the years ended 31 March 2018 and 2017 are:

	Group		
	2018	2018	2017
	\$'000	\$'000	
Current income tax expense	18,669	5,726	
Deferred income tax credit	(1,175)	(1,316)	
	17,494	4,410	
Over provision in respect of previous years	(166)	(10)	
Income tax expense recognised in profit or loss	17,328	4,400	

For the financial year ended 31 March 2018

## 10. Income tax expense (cont'd)

Relationship between income tax expense and accounting profit

A reconciliation between income tax expense and the product of accounting profit multiplied by the applicable corporate tax rate for the years ended 31 March 2018 and 2017 is as follows:

	Group	
	2018	2017
	\$'000	\$'000
Profit before tax	73,720	38,951
Tax at statutory tax rate of 17% (2017: 17%)	12,532	6,622
Adjustments:		
Non-deductible expenses	3,727	1,564
Income not subject to taxation	(2,694)	(72)
Recognition of previously unrecognised tax losses	161	-
Effect of different tax rates of overseas operations	3,768	(3,704)
Over provision in respect of previous years	(166)	(10)
Income tax expense recognised in profit or loss	17,328	4,400

## 11. Deferred tax

Deferred tax as at 31 March relates to the following:

	Group			
	Consolidated Balance Sheet		Consolidated Income Statement	
	2018	2017	2018	2017
	\$'000	\$'000	\$'000	\$'000
Deferred tax liabilities:				
Differences in depreciation for tax purposes	(5,392)	(6,170)	(365)	(511)
Fair value on investment properties	(5,528)	(9,563)	(3,612)	(3,279)
	(10,920)	(15,733)		
Deferred tax assets:				
Provisions	2,557	2,890	(107)	(229)
Unutilised tax losses	5,994	9,042	2,909	2,703
	8,551	11,932		
Deferred income tax			(1,175)	(1,316)

For the financial year ended 31 March 2018

## 11. Deferred tax (cont'd)

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset and when the deferred taxes relate to the same fiscal authority. The amounts determined after appropriate offsetting, are shown on the balance sheet as follows:

	Gro	Group	
	2018	2017	
	\$'000	\$'000	
Deferred tax assets	5,902	9,218	
Deferred tax liabilities	(8,271)	(13,019)	
	(2,369)	(3,801)	

As at 31 March 2018, certain subsidiaries of the Group have unutilised tax losses of \$21,512,000 (2017: \$22,131,000). The unutilised tax losses are available for carry forward and set off against future taxable profits subject to agreement by the Comptroller of Income Tax and compliance with the relevant provisions of the Singapore Income Tax Act. Deferred tax assets amounting to \$3,657,000 (2017: \$3,762,000) have not been recognised in the financial statements because it is uncertain whether future taxable profits will be available against which the aforementioned subsidiaries can utilise the benefits arising therefrom.

#### Tax consequences of proposed dividends

There are no income tax consequences (2017: Nil) attached to the dividends to the shareholders proposed by the Company but not recognised as a liability in the financial statements (Note 29).

### 12. Earnings per share

The following tables reflect the profit and share data used in the computation of basic and diluted earnings per share for the financial years ended 31 March:

2 <b>018</b> 5 <b>'000</b> 6,392	2017 \$'000
6,392	24 551
	34,551
Gre	oup
2018	2017
of shares '000	No. of shares ′000
3.990	863.960
	2018 of shares

The basic and diluted earnings per share are calculated by dividing the profit for the year attributable to owners of the Company by the weighted average number of ordinary shares. There are no dilutive potential ordinary shares outstanding during the financial year.

For the financial year ended 31 March 2018

## 13. Property, plant and equipment

Rental and service income from investment properties	16,255	17,161
Direct operating expenses (arising from rental generating properties)	3,714	3,508

All investment properties are leased out under operating lease arrangements.

The Group has no restrictions on the realisability on its investment properties and no contractual obligations to purchase, construct or develop investment property or for repair, maintenance or enhancements.

For the financial year ended 31 March 2018

## 14. Investment properties (cont'd)

#### Valuation of investment properties

Investment properties are stated at fair value which has been determined based on valuations performed as at 31 March 2018. The valuation on the leasehold investment property was performed internally and the valuation on the freehold investment property was performed by independent external appraiser with a recognised and relevant professional qualification and with recent experience in the location and category of the property being valued. Details of valuation techniques and inputs used are disclosed in Note 33.

## Transfer to property, plant and equipment

During the financial year, the Group transferred a portion of a leasehold building from investment property to owner-occupied property due to a change in use (Note 13).

The investment properties held by the Group as at 31 March 2018 and 2017 are as follows:

Description and Location	Existing Use	Tenure	Unexpired lease term (years)
Commercial building in Perth, Australia	Shops and offices	Freehold	-
One floor of office building on Cantonment Road in Singapore	Offices	Leasehold	69

#### Properties pledged as securities

As at 31 March 2018, investment property with a carrying value of \$110,781,000 (2017: \$129,993,000) is mortgaged to secure bank borrowings (Note 26).

#### 15. Investments in subsidiaries

	Company	
	2018	2017

	15,292	20,282
Impairment losses	(1,430)	(1,930)
At end of the year	13,862	18,352

## 18. Development properties for sale

Group	Freehold Land	Development expenditure	Total
	\$'000	\$'000	\$'000
At 1 April 2016	40,682	116,479	157,161
Exchange differences	924	2,459	3,383
Additions	_	149,974	149,974
Transfer to profit or loss upon sale	(21,876)	(69,276)	(91,152)
At 31 March 2017 and 1 April 2017	19,730	199,636	219,366
Exchange differences	(854)	(4,751)	(5,605)
Additions	_	78,665	78,665
Transfer to profit or loss upon sale	(8,028)	(183,684)	(191,712)
As at 31 March 2018	10,848	89,866	100,714

During the financial year, borrowing costs of \$3,136,000 (2017: \$5,653,000) arising from bank borrowings obtained specifically for the development properties were capitalised under "Development expenditure". The rate used to determine the amount of borrowing costs eligible for capitalisation was 3.1% (2017: 3.1%), which is the effective interest rate of the specific bank borrowings. The bank borrowings were fully repaid during the financial year.

As at 31 March 2017, the freehold land under development of \$19,730,000 was pledged as security for bank borrowings (Note 26).

For the financial year ended 31 March 2018

Other receivables	367	5,244	42	48
	9,637	13,193	38,021	27,270
Non-financial assets:				
Prepayments	1,759	2,788	13	_
Total trade and other receivables	11,396	15,981	38,034	27,270

Trade receivables are non-interest bearing and are generally on 30 days term (2017: 30 days). They are recognised at their original invoice amounts which represent their fair values on initial recognition.

Amounts due from subsidiaries are unsecured, interest-free, non-trade and repayable on demand.

For the financial year ended 31 March 2018

## 20. Trade and other receivables (cont'd)

## Receivables that are past due but not impaired

The Group has trade receivables amounting to \$897,000 (2017: \$646,000) that are past due at the end of the reporting period but not impaired. These receivables are unsecured and the analysis of their aging at the end of the reporting period is as follows:

	Gro	Group		
	2018	2017		
	\$'000	\$'000		
Trade receivables past due but not impaired:				
Less than 30 days	778	596		
30 – 60 days	60	43		
More than 60 days	59	7		
	897	646		

## 21. Investments held-for-trading

	Gro	Group		
	2018	2017		
	\$'000	\$'000		
Quoted equity securities	6,949	2,249		
Quoted debt securities	7,101	287		
Unquoted equity securities	-	1,010		
	14,050	3,546		

## 22. Derivative financial liabilities

	Group			Company			
	Notional amount	Fair v	/alue	Notional amount	Fair value		
	2018	2018	2017	2018	2018	2017	
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	
Derivative financial liabilities	16,696	102	_	2,158	4		

Derivative financial instruments comprise forward exchange contracts.

For the financial year ended 31 March 2018

#### 23. Cash and bank balances

	Group		Comp	any
	2018 2017		2018	2017
	\$'000	\$'000	\$'000	\$'000
Cash at banks and on hand	83,426	17,474	1,292	1,071
Short-term deposits	78,285	101,374	2,692	1,933
Cash and bank balances	161,711	118,848	3,984	3,004
Deposits pledged	(7,177)	(4,333)		
Cash and cash equivalents in the consolidated statement of cash flows	154,534	114,515		

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term deposits are made for varying periods of less than 9 months (2017: 3 months). The interest rates for the short-term deposits range between 1.0% to 2.1% (2017: 1.1% to 1.9%) per annum.

## 24. Trade and other payables

	Group		Company		
	2018 2017		2018	2017	
	\$'000	\$'000	\$'000	\$'000	
Financial liabilities:

Other payables	14,145	24,832	184	69	
	33,327	42,603	331	430	

Amounts due to related parties are unsecured, interest-free, non-trade and repayable on demand.

For the financial year ended 31 March 2018

#### 25. Amounts due to subsidiaries

	Com	pany
	2018	2017
	\$'000	\$'000
Non-current portion	161,550	209,476

Amounts due to subsidiaries are unsecured, interest-free, non-trade and have no fixed repayment terms.

#### 26. Bank borrowings

	Gro	up
	2018	2017
	\$'000	\$'000
Non-current bank borrowings	209,477	364,916

Non-current bank borrowings are repayable within 2 years (2017: 2 to 3 years) from the end of the reporting period.

Details of the bank borrowings are as follows:

#### Group

		2018	2017	2018		20	17
	Currency	Nominal interest rate		Source currency	Local currency	Source currency	Local currency
		%	%	\$'000	\$'000	\$'000	\$'000
Term loan	AUD	3.1% to 3.3%	2.8% to 3.3%	148,000	149,051	80,000	85,592
Term loan	AUD	_	3.0% to 3.5%	-	-	101,273	108,139
Term loan	AUD	_	2.8% to 3.9%	-	-	100,000	106,991
Term loan	AUD	3.0% to 3.3%	3.0% to 3.6%	60,000	60,426	60,000	64,194
Total interest-bearing borrowings					209,477		364,916

The term loans are secured by legal mortgages on freehold land and buildings of \$92,249,000 (2017: \$230,748,000) (Note 13), investment properties of \$110,781,000 (2017: \$129,993,000) (Note 14) and development properties of Nil (2017: \$19,730,000) (Note 18).

The movements in the bank borrowings during the financial year relate to net repayment of \$140,107,000 and foreign exchange movements of \$15,332,000.

For the financial year ended 31 March 2018

## 27. Share capital

#### **Group and Company**

	201	8	201	7
	No. of shares '000	\$'000	No. of shares '000	\$'000
Issued and fully paid ordinary shares				
At beginning of the year	863,971	144,632	863,938	144,616
Issued during the year	117	61	33	16
At end of the year	864,088	144,693	863,971	144,632

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restrictions. The ordinary shares have no par value.

On 2 August 2017, the Company issued 117,000 ordinary shares for fulfilling the grant of performance shares that were fully vested during the financial year.

On 1 August 2016, the Company issued 33,000 ordinary shares for fulfilling the grant of performance shares that were fully vested during the financial year ended 31 March 2017.

#### Stamford Land Corporation Ltd Performance Share Plan 2015 ("SLC PSP")

Under the SLC PSP, an award granted represents the right to receive fully paid shares, free of charge, provided that certain pre-determined performance conditions (if applicable) are satisfied within the performance period (if applicable) during which such performance conditions are to be satisfied. Performance conditions are intended to be based on short to medium term corporate critical targets based on criteria such as total shareholders' returns, market share, market ranking, return on sales and gross operating profits being met over a short period of one to three years.

The persons eligible to participate in the SLC PSP are either selected employees of the Group of such rank as the Remuneration Committee may determine, or other participants as selected by the Remuneration Committee at its discretion, but shall exclude the independent directors of the Company, controlling shareholders and the associates of such controlling shareholders.

117,000 (2017: 33,000) ordinary shares were granted during the financial year.

For the financial year ended 31 March 2018

#### 28. Other reserves

	Gro	oup	Company		
	2018 2017		2018	2017	
	\$'000	\$'000	\$'000	\$'000	
Fair value reserve	314	330	314	330	
Foreign currency translation reserve	(34,639)	(10,906)	-	-	
Asset revaluation reserve	3,300	3,300	-	-	
	(31,025)	(7,276)	314	330	

## (a) Fair value reserve

Fair value reserve represents the cumulative fair value changes, net of tax, of available-forsale financial assets until they are disposed of or impaired.

## (b) Foreign currency translation reserve

The foreign currency translation reserve represents exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from that of the Group's presentation currency.

#### (c) Asset revaluation reserve

The asset revaluation reserve represents the fair value gain arising from change of use of property, plant and equipment to investment properties.

### 29. Dividends

	Group and Company		
	2018	2017	
	\$'000	\$'000	
Declared and paid during the financial year:			
Dividends on ordinary shares:			
- Final tax exempt (one-tier) dividend paid for 2017 of 1 cent (2016: 0.5 cents) per share	8,641	4,320	
Proposed but not recognised as a liability as at 31 March:			
Dividends on ordinary shares, subject to shareholders' approval at the Annual General Meeting:			
- Final tax exempt (one-tier) dividend for 2018 of 1 cent (2017: 1 cent) per share	8,641	8,641	

For the financial year ended 31 March 2018

#### 30. **Segment information**

For management purposes, the Group is organised into strategic business units based on their products and services. The Group has five reportable segments as follows:

- Hotel owning & management segment: The ownership and management of hotels.
- Property development segment: The development, construction and trading in properties.
- Property investment segment: The holding of properties for rental income and/or capital appreciation.
- Trading segment: Interior decoration companies and a travel agency.
- Others: Corporate services for the Group, treasury functions and investments in securities.

Management monitors the results of each of the above operating segments for the purpose of making decisions on resource allocation and performance assessment.

Inter-segment revenues are eliminated on consolidation.

For the financial year ended 31 March 2018

Singapore	23,887	23,838
	476,404	521,622

Non-current assets information presented above consist of property, plant and equipment and investment properties as presented in the consolidated balance sheet.

#### 31. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and foreign currency risk. The board of directors reviews and agrees on policies and procedures for the management of these risks. The Audit and Risk Management Committee provides independent oversight to the effectiveness of the risk management process.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

#### (a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and short-term deposits and investment securities), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant.

The Group does not have concentration of credit risk as the exposure is spread over a large number of counterparties and customers.

For the financial year ended 31 March 2018

#### 31. Financial risk management objectives and policies (cont'd)

#### (a) Credit risk (cont'd)

#### Exposure to credit risk

At the end of the reporting period, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the balance sheets.

#### Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are with creditworthy debtors with good payment record with the Group. Cash and short-term deposits and investment securities that are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

#### Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 20.

#### (b) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities.

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under normal and stressed conditions, without incurring unacceptable losses or risk damage to the Group's reputation. This is achieved through monitoring the cash flow requirements closely and optimising the cash return on investments.

#### Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's and the Company's financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.

For the financial year ended 31 March 2018

#### Financial risk management objectives and policies (cont'd) 31.

For the financial year ended 31 March 2018

#### 31. Financial risk management objectives and policies (cont'd)

#### (c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises primarily from its bank borrowings.

The Group's policy is to obtain the most favourable interest rates available.

Sensitivity analysis for interest rate risk

At the end of the reporting period, if Australian Dollar and New Zealand Dollar interest rates had been 50 (2017: 50) basis points lower/higher with all other variables held constant, the Group's profit before tax would have been \$823,000 (2017: \$951,000) higher/lower, arising mainly as a result of lower/higher interest expense on floating rate bank borrowings.

## (d) Foreign currency risk

The Group has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the respective functional currencies of Group entities, primarily Australian Dollar and New Zealand Dollar.

The Group seeks to manage its foreign currency risk exposure by constructing natural hedges when it matches sales and purchases in any single currency. In addition, the Group regularly reviews its exposure to foreign currency risk and manages it by entering into foreign exchange options and/or forward exchange contracts where applicable.

The Group's and the Company's exposures to the Australian Dollar and New Zealand Dollar are as follows:

Group	Australian Dollar \$'000	New Zealand Dollar \$'000	Total \$'000
<b>2018</b> Cash and bank balances	5,355	20,406	25,761
<b>2017</b> Cash and bank balances	5,801	24,695	30,496
Company		Australian Dollar \$'000	Total \$'000
<b>2018</b> Cash and bank balances		3,652	3,652
<b>2017</b> Cash and bank balances		2,596	2,596

For the financial year ended 31 March 2018

#### 31. Financial risk management objectives and policies (cont'd)

#### Foreign currency risk (cont'd)

Sensitivity analysis for foreign currency risk

A 5% strengthening of the functional currency against the Australian Dollar and New Zealand Dollar at the end of the reporting period would (decrease)/increase the profit before tax by the amounts shown below.

	Gro	Group		pany
	2018	8 2017	2018	2017
	\$'000	\$'000	\$'000	\$'000
Profit before tax	1,288	1,525	183	130

A 5% weakening of the functional currency against the Australian Dollar and New Zealand Dollar at the end of the reporting period would have equal but opposite effect to the amounts shown above.

The above analysis assumes all other variables remain constant.

Management is of the view that the above sensitivity analysis may not be representative of the inherent foreign currency risk as year-end exposure may not reflect the actual exposure and circumstances during the year.

#### (e) Financial assets and liabilities by category

#### 32. Capital management

The Board's policy is to have a strong capital base to maintain investor, creditor and market confidence and to sustain future development of the business.

The Group defines capital to include funds raised through the issuance of ordinary share capital and all components of equity. The Group manages its capital to ensure entities in the Group will be able to continue as a going concern while maximising the return to shareholders through optimisation of the debt and equity balance. The Group actively reviews its capital structure and considers the cost of capital and the risks associated with each class of capital. As at 31 March 2018, the Group had an outstanding debt exposure of \$209,477,000 (2017: \$364,916,000). The Group balances its overall capital structure through the payment of dividends, return of capital to shareholders, new share issues as well as the issue of new debt or the redemption of existing debt.

There were no changes in the Group's approach to capital management during the financial year.

#### 33. Fair value of assets and liabilities

#### (a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 Inputs other than guoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement

For the financial year ended 31 March 2018

#### 33. Fair value of assets and liabilities (cont'd)

#### (b) Assets and liabilities measured at fair value

The following table shows an analysis of each class of assets and liabilities measured at fair value at the end of the reporting period:

	2018					
	Quoted prices in active markets for identical instruments	Significant observable inputs other than quoted prices	Significant unobservable inputs	Total		
Group	(Level 1)	(Level 2)	(Level 3)			
	\$'000	\$'000	\$'000	\$'000		
Non-financial assets:						
Investment properties	-	_	127,373	127,373

Financial assets:					
Available-for-sale investments	385	-	-	385	

#### Level 2 fair value measurements (c)

The following is a description of the valuation techniques and inputs used in the fair value measurement for assets and liabilities that are categorised within Level 2 of the fair value hierarchy:

### Investments held-for-trading

The fair value of debt securities was determined by reference to their quoted closing bid price in a non-active market at the measurement date.

#### **Derivatives**

Forward currency contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation technique include forward pricing using present value calculations. The model incorporates various inputs including foreign exchange spot and forward rates and forward rate curves.

For the financial year ended 31 March 2018

#### 33. Fair value of assets and liabilities (cont'd)

#### (d) Level 3 fair value measurements

Information about significant unobservable inputs used in Level 3 fair value measurements

The following table shows the information about fair value measurements using significant unobservable inputs (Level 3):

Description	Fair value as at 31 March 2018 \$'000	Valuation techniques	Key unobservable inputs	Relationship of key unobservable inputs to fair value
Commercial building in Perth, Australia	110,781	Capitalisation method	Capitalisation rate: 7.0%	The estimated fair value varies inversely against the capitalisation rate.
One floor of office building on Cantonment Road in Singapore	16,592	Capitalisation method	Capitalisation rate: 3.2%	The estimated fair value varies inversely against the capitalisation rate.

Description	Fair value as at 31 March 2017 \$'000	Valuation techniques	Key unobservable inputs	Relationship of key unobservable inputs to fair value
Commercial building in Perth, Australia	129,993	Capitalisation method	Capitalisation rate: 7.0%	The estimated fair value varies inversely against the capitalisation rate.
One floor of office building on Cantonment Road in Singapore	16,616	Direct sales comparison	Price per square foot: \$1,600 to \$1,700	The estimated fair value increases in proportion with the price per square foot.

For the financial year ended 31 March 2018

#### 34. **Related party transactions**

#### Significant related party transactions:

In addition to the related party information disclosed elsewhere in the financial statements, the following significant transactions between the Group and related parties took place at terms agreed between the parties during the financial year:

	Gro	oup
	2018	2017
	\$'000	\$'000
Companies related to a director:		
Services rendered	1,023	847
Rental income	675	846

## (b) Compensation to key management personnel:

	Gro	oup
	2018	2017
	\$'000	\$'000
Directors of the Company		
Directors' fees	280	280
Short-term employee benefits	6,600	4,239
Contributions to defined contributions plans	33	39
	6,913	4,558
Other key management personnel		
Short-term employee benefits	1,677	1,085
Contributions to defined contribution plans	67	59
Share-based compensation	29	11
	1,773	1,155
	8,686	5,713

For the financial year ended 31 March 2018

#### 35. Commitments

#### (a) Capital commitments

Capital expenditure contracted for as at the end of the reporting period but not recognised in the financial statements are as follows:

	Gro	oup
	2018	2017
	\$'000	\$'000
Capital commitments in respect of property, plant and		
equipment	1,582	926

#### (b) Operating lease commitments

#### As lessor

The Group has entered into commercial property leases on its investment properties. These non-cancellable leases have remaining terms of between one and five years. All leases include a clause to enable revision of rental charge on an annual basis based on the prevailing market conditions. The future minimum lease payments to be received are as follows:

	Gro	oup
	2018	2017
	\$'000	\$'000
Within one year	13,296	12,582
Between one and five years	15,111	27,026
	28,407	39,608

#### 36. Events occurring after the reporting period

In May 2018, the Group made a full repayment of a bank borrowing and a partial repayment of another bank borrowing amounting to \$60.4 million and \$38.3 million respectively. The investment property pledged as security for the bank borrowing was subsequently discharged.

#### 37. Authorisation of financial statements for issue

The financial statements for the financial year ended 31 March 2018 were authorised for issue in accordance with a resolution of the directors on 18 June 2018.

#### SHAREHOLDING HELD IN THE HANDS OF PUBLIC

To the best knowledge of the Company and based on information provided to the Company as at 14 June 2018, approximately 54.55% of the issued and paid-up shares of the Company are held in the hands of the public. Accordingly, the Company has complied with Rule 723 of the Listing Manual of the Singapore Exchange Securities Trading Limited.

# NOTICE OF ANNUAL GENERAL MEETING AND BOOKS CLOSURE

STAMFORD LAND CORPORATION LTD

Company Registration No. 197701615H (Incorporated in the Republic of Singapore)

**Note:** The Company will not be distributing any vouchers or door gifts at the Annual General Meeting.

**NOTICE IS HEREBY GIVEN** that the 40th Annual General Meeting of Stamford Land Corporation Ltd (the "Company") will be held at Singapore Chinese Cultural Centre, Multi-purpose Hall (Level 7), 1 Straits Boulevard, Singapore 018906, on Friday, 27 July 2018 at 10.00 a.m. to transact the following business:

#### ORDINARY BUSINESS

- To receive and adopt the Audited Financial Statements for the financial year ended 31 March 2018 and the Directors' Statement and Auditor's Report thereon.
- To declare a final tax exempt (one-tier) dividend of 1.0 Singapore cent per ordinary share for the financial year ended 31 March 2018.
- 3. To approve Directors' Fees of up to \$\$280,000 payable by the Company quarterly in arrears for the financial year ending 31 March 2019 (2018: \$\$280,000).
- 4. To re-elect Mark Anthony James Vaile, a Director who is retiring by rotation in accordance with Regulation 89 of the Company's Constitution, and being eligible, offers himself for re-election. (Resolution 4)

Note: Mark Anthony James Vaile will, upon his re-election as Director, remain as Chairman

- of the Audit and Risk Management Committee and member of the Nominating and Remuneration Committees. He is considered independent for the purposes of Rule 704(8) of the Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST"). He has no relationship (including immediate family relationships) with the other Directors, the Company or its 10% shareholders.
- 5. To re-elect Lim Teck Chai, Danny, a Director who is retiring by rotation in accordance with Regulation 89 of the Company's Constitution, and being eligible, offers himself for re-election.

(Resolution 5)

- Note: Lim Teck Chai, Danny will, upon his re-election as Director, remain as Chairman of the Nominating Committee and member of the Audit and Risk Management and Remuneration Committees. He is considered independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST. He has no relationship (including immediate family relationships) with the other Directors, the Company or its 10% shareholders.
- To re-appoint Ernst & Young LLP as auditors of the Company and to authorise (Resolution 6)
  the Directors to fix their remuneration.

#### **Questions In Advance**

The Board of Directors (the "Board") wishes to offer shareholders the opportunity to submit questions relating to the agenda of the Annual General Meeting and the Annual Report in advance of the Annual General Meeting. Shareholders can send their questions in writing no later than three (3) days in advance of the Annual General Meeting to 200 Cantonment Road, #09-01, Southpoint, Singapore 089763, Attention to Company Secretary, stating shareholder's identification details and shareholdings. At the Annual General Meeting, the Board will address the issues which, on the basis of the questions submitted, appear to be of most interest to the shareholders generally. The Board wishes to emphasise, however, that submitting a question in advance will not preclude the shareholders from asking that question, or any other question at the Annual General Meeting.

#### SPECIAL BUSINESS

To consider and, if thought fit, to pass, the following as ordinary resolutions, with or without modifications:

7. "That authority be and is hereby given to the Directors to:

(Resolution 7)

- (a) (i) allot and issue shares in the capital of the Company ("Shares") whether by way of rights, bonus or otherwise; and/or
  - (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares.

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

(b) (notwithstanding that the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instruments made or granted by the Directors while this Resolution was in force,

#### provided that:

- (i) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution), shall not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of Shares to be issued other than on a pro rata basis to shareholders of the Company (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed 20% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) (as calculated in accordance with sub-paragraph (ii) below);
- (ii) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) that may be issued under sub-paragraph (i) above, the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) at the time this Resolution is passed, after adjusting for: (1) new Shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and (2) any subsequent bonus issue, consolidation or sub-division of Shares;

# NOTICE OF ANNUAL GENERAL MEETING AND BOOKS CLOSURE

STAMFORD LAND CORPORATION LTD

Company Registration No. 197701615H (Incorporated in the Republic of Singapore)

- (iii) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST), all applicable requirements under the Companies Act (Chapter 50) and the Constitution of the Company for the time being; and
- (iv) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier."

Note: This Resolution, if passed, will authorise the Directors, from the date of this Annual General Meeting until the next Annual General Meeting, or the date by which the next Annual General Meeting is required by law to be held or when varied or revoked by the Company in a general meeting, whichever is earlier, to allot and issue Shares, to make or grant Instruments convertible into Shares, and to allot and issue Shares in pursuance of such Instruments, up to a number not exceeding, in total, 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any), with a sublimit of 20% for issues other than on a pro rata basis to shareholders.

8. "That authority be and is hereby given to the Directors to:

(Resolution 8)

- (a) offer and grant options in accordance with the provisions of the Stamford Land Corporation Ltd Share Option Plan 2015 and/or grant awards in accordance with the provisions of the Stamford Land Corporation Ltd Performance Share Plan 2015 (together the "Share Plans"); and
- (b) allot and issue from time to time such number of Shares as may be required to be issued pursuant to the exercise of options under the Stamford Land Corporation Ltd Share Option Plan 2015 and/or such number of fully paid Shares as may be required to be issued pursuant to the vesting of awards under the Stamford Land Corporation Ltd Performance Share Plan 2015.

provided always that the aggregate number of Shares to be issued pursuant to the Share Plans shall not exceed 15% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) from time to time and that such authority shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the Company's next Annual General Meeting or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier."

Note: This Resolution, if passed, will empower the Directors, from the date of this Annual General Meeting until the next Annual General Meeting, or the date by which the next Annual General Meeting is required by law to be held or when varied or revoked by the Company in a general meeting, whichever is earlier, to offer and grant options and/or awards, and to allot and issue new Shares, pursuant to the Share Plans, provided that the aggregate number of Shares to be issued pursuant to the Share Plans shall not exceed 15% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) from time to time.

# NOTICE OF ANNUAL GENERAL MEETING AND BOOKS CLOSURE

STAMFORD LAND CORPORATION LTD

Company Registration No. 197701615H (Incorporated in the Republic of Singapore)

#### OTHER BUSINESS

To transact any other business that may be transacted at an Annual General Meeting of the Company.

**NOTICE IS ALSO HEREBY GIVEN** that the Share Transfer Books and Register of Members of the Company will be closed on 31 August 2018 for the preparation of dividend warrants. Duly completed registrable transfers received by the Company's Registrar, M & C Services Private Limited, at 112 Robinson Road, #05-01, Singapore 068902, up to the close of business at 5.00 p.m. on 30 August 2018 will be registered to determine shareholders' entitlement to the proposed final dividend. In respect of Shares in securities accounts with The Central Depository (Pte) Limited ("CDP"), the proposed final dividend will be paid by the Company to CDP which will in turn distribute the dividend entitlements to such holders of Shares in accordance with its practice.

If approved, the proposed final dividend will be paid on 13 September 2018.

BY ORDER OF THE BOARD

#### **LEE LI HUANG**

COMPANY SECRETARY

Singapore 12 July 2018

#### Notes:

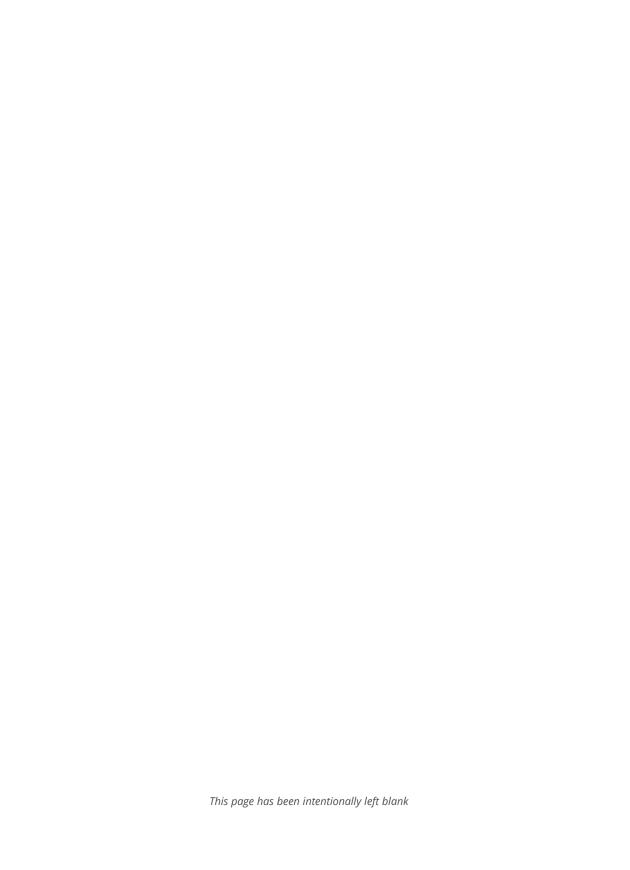

- 1. A member who is not a Relevant Intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the meeting of the Company. Where such member's form of proxy appoints more than one (1) proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy. "Relevant Intermediary" has the meaning ascribed to it in Section 181 of the Companies Act (Chapter 50) (the "Act").
- 2. A member who is a Relevant Intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the meeting of the Company, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member. Where more than two (2) proxies are appointed, the number and class of Shares in relation to which each proxy has been appointed shall be specified in the form of proxy.
- 3. A proxy needs not be a member of the Company.
- 4. If a member is a corporation, the form of proxy must be executed either under its common seal (or by the signatures of authorised persons in the manner as set out under the Act as an alternative to sealing) or under the hand of an attorney or a duly authorised officer of the corporation.
- 5. A depositor's name must appear in the Depository Register maintained by The Central Depository (Pte) Limited as at seventy-two (72) hours before the time appointed for holding the Annual General Meeting in order for the depositor to be entitled to attend, speak and vote at the Annual General Meeting.
- 6. The instrument appointing a proxy or proxies must be deposited at the office of the Company's Share Registrar, M & C Services Private Limited at 112 Robinson Road, #05-01, Singapore 068902, not less than seventy-two (72) hours before the time appointed for the Annual General Meeting. Completion and return of the form of proxy by a member will not prevent him from attending and voting at the Annual General Meeting if he so wishes. In such event, the relevant proxy form will be deemed to be revoked.

# NOTICE OF ANNUAL GENERAL MEETING AND BOOKS CLOSURE

#### STAMFORD LAND CORPORATION LTD

Company Registration No. 197701615H (Incorporated in the Republic of Singapore)

Personal data privacy: By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

#### **PROXY FORM**

## STAMFORD LAND CORPORATION LTD

Company Registration No. 197701615H (Incorporated in the Republic of Singapore)

#### IMPORTANT:

- Relevant Intermediaries (as defined in Section 181 of the Companies Act (Chapter 50)) (the "Act") may appoint more than two (2) proxies to attend, speak and vote at the Annual General Meeting.
- For CPF/SRS investors who have used their CPF/SRS monies to buy Stamford Land Corporation Ltd shares, this proxy form is not valid for use and shall be ineffective for all intents and purposes if used or purported to be used by them. CPF/SRS investors should contact their respective Agent Banks/SRS Operators if they have any queries regarding their appointment as proxies.

#### PERSONAL DATA PRIVACY

By submitting an instrument appointing a proxy(ies) or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 12 July 2018.

Signature(s) or Common Seal of Member(s)

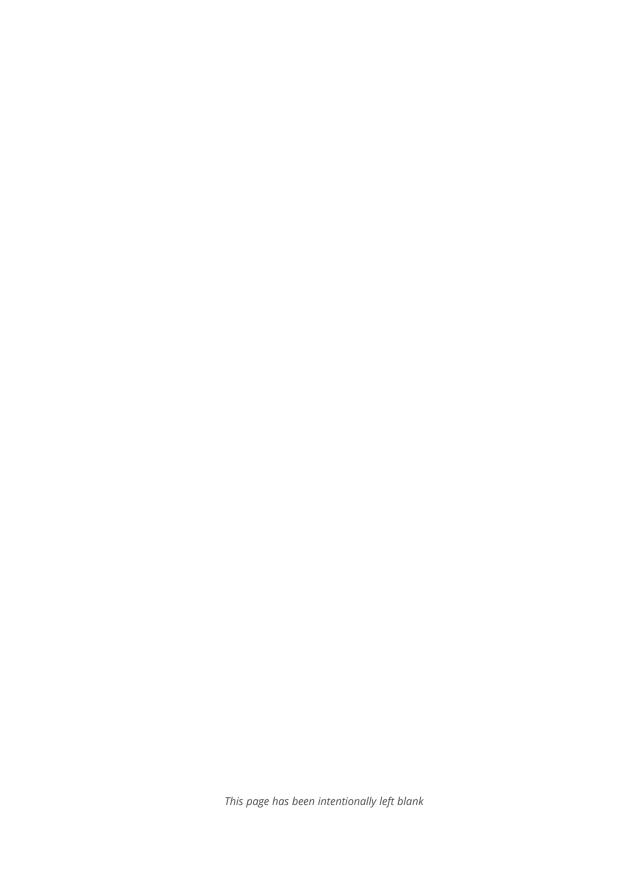

Important: Please read the notes on the overleaf.

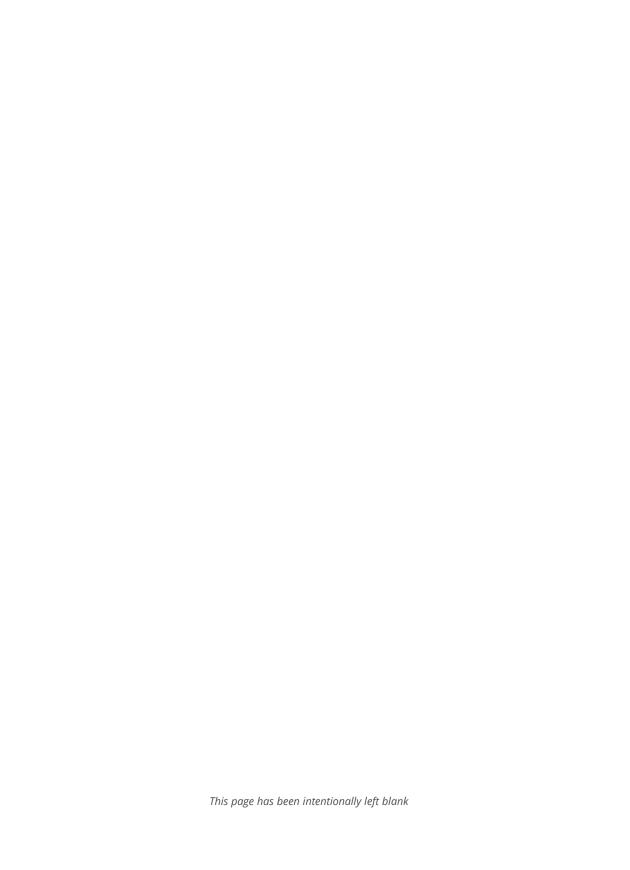

#### NOTES

- 1. Please insert the total number of shares in the share capital of the Company ("Shares") held by you. If you have Shares entered against your name in the Depository Register (maintained by The Central Depository (Pte) Limited), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members (maintained by or on behalf of the Company), you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
- 2. "Relevant Intermediary" has the meaning ascribed to it in Section 181 of the Act.
- 3. A member who is not a Relevant Intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the meeting of the Company. Where such member appoints more than one (1) proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the instrument appointing a proxy or proxies. If no proportion of shareholdings is specified, the proxy whose name appears first shall be deemed to carry one hundred per cent (100%) of the shareholdings of his/its appointor and the proxy whose name appears after shall be deemed to be appointed in the alternate.
- 4. A member who is a Relevant Intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the meeting of the Company, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member. Where more than two (2) proxies are appointed, the number and class of Shares in relation to which each proxy has been appointed shall be specified in the instrument appointing a proxy or proxies. In relation to a Relevant Intermediary who wishes to appoint more than two (2) proxies, it should annex to the instrument appointing a proxy or proxies the list of proxies, setting out, in respect of each proxy, the name, address, NRIC/Passport Number and proportion of shareholding (number of shares and percentage) in relation to which the proxy has been appointed. For the avoidance of doubt, a CPF Agent Bank who intends to appoint CPF investors as its proxies shall comply with this Note.
- 5. A proxy need not be a member of the Company.
- 6. The instrument appointing a proxy or proxies must be deposited at the office of the Company's Share Registrar, M & C Services Private Limited at 112 Robinson Road, #05-01, Singapore 068902, not less than seventy-two (72) hours before the time appointed for the meeting.
- 7. Completion and return of the instrument appointing a proxy or proxies shall not preclude a member from attending and voting at the meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument appointing a proxy or proxies to the meeting.
- 8. The instrument appointing a proxy or proxies must be executed under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its common seal (or by the signatures of authorised persons in the manner as set out under the Act as an alternative to sealing) or under the hand of an attorney or a duly authorised officer of the corporation.
- 9. Where an instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument appointing a proxy or proxies, failing which the instrument may be treated as invalid.
- 10. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the meeting, in accordance with Section 179 of the Act.

#### GENERAL

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointer are not ascertainable from the instructions of the appointer specified in the instrument appointing a proxy or proxies. In addition, in the case of members whose Shares are entered against their names in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if such members are not shown to have Shares entered against their names in the Depository Register as at seventy-two (72) hours before the time appointed for holding the meeting, as certified by The Central Depository (Pte) Limited to the Company.
